STEAMER IS LOST; CREW RESCUED

Lumber Vessel Is Foundering Off Northern Coast of California
Boat Is Sent to the Assistance of Men From Steamer Admiral Farragut

SAN FRANCISCO, June 19.—The lumber steamer Riverside, bound from Everett, Washington, to San Pedro, California, sank this morning off Sugar Loaf Rock, on the northern California Coast, according to a wireless dispatch from the steamer Admiral Farragut.

All members of the crew were rescued by the Farragut and the tug Relief from Eureka, which arrived on the scene of the wreck at 10 a. m. The crew will be taken to Eureka. The Farragut proceeded north.

The Riverside, in command of Captain John Bahlgquist, sailed from Everett day before yesterday with 3,500,000 feet of lumber. She carried a crew of thirty-six.

IN SHIP GRAVEYARD.

The rock where the Riverside went down is 250 yards west of Cape Mendocino, the graveyard of many vessels in past years. The current is swift there, and the waters generally dangerous.

The Riverside is a wooden steam schooner of the type generally used in the Pacific Coast lumber traffic, and has a net tonnage of 995. She is owned by the Charles Nelson Company of this port.

Want Speeding on Boulevard Stopped

That the Foothill Boulevard be patrolled and a speed limit enforced was the urgent recommendation to the county supervisors and city authorities made this morning by the coroner's jury sitting in the case of Miss Natalie Sutcliffe, killed Sunday when two motorcycles, traveling at racing speed, crashed together. The girl and two men, Leslie Hoffelt and Joseph Souza, were killed.

The coroner's jury arrived at a verdict that death was accidental, but based its recommendation on the fact that excessive speeding made the mishap possible. Its vote recommended that the county speed law be enforced to the letter on the boulevard and that a motorcycle patrol be placed on duty to see that the laws are kept.

Coroner Charles S. Tisdale sat at the inquest and examined several witnesses. The girl's injuries, consisting of a fractured skull and bruises, were described by physicians and the conditions of the motors was also told the jury.

The jury members sitting in the case were Will Woodward, H. G. Forsythe, W. B. Brannin, J. M. McKay, John Flood and Julius Hubner.

Killed by Big Truck While Playing Ball

BERKELEY, June 19.—While at play of ball with several of his boy companions 7-year-old Carl McDermott was run down in front of his residence by a motor truck of the Huxley Lumber company shortly before noon today. He was dead before a physician could reach him. The lad was a son of Arthur McDermott, a clerk of the San Francisco-Oakland Terminal Railway Company and lived with his parents at 2123 Franklin street. With two other boys he was at play in the street and in running for a ball which he had missed he darted directly in front of the approaching truck. The driver at

SAN FRANCISCO, June 19.—Fair weather with an abundance of sunshine but with old Sol saving his scorching rays for less fortunate communities in the middle western and eastern states, is the outlook for California for the ensuing twenty-four hours. A slight sprinkle of rain in the northern part of the state which dwindled to a few drops in San Francisco and Oakland, was recorded at the local weather bureau.

Forecaster Alexander McAdie declares that there is little likelihood of a warmer spell and those who are enjoying themselves at mountain and seashore, as well as the thousands remaining in the cities of the coast, are experiencing the delights of an incomparable climate.

It was slightly cooler this morning and last night than yesterday. The mercury did not rise as high in the interior as the day before. Rainfall was noted at Eureka and Mt. Tamapais received .03. The upper portion of the Sacramento valley was the region most generally treated in the matter of showers.

GUARDS ARE PLACED AT LIBRARY

Home of Mrs. Overstreet Also Watched to Prevent Visit of Fanatic

Guards have been placed around the Carnegie library, where at attempt was made to destroy building and books Tuesday night by a fanatic. Captain of Inspectors Lou F. Agnew has also detailed men to watch the home of Mrs. Emily Overstreet, assistant librarian of the Oakland public library, who received the threatening note from the "Red Dagger," demanding that she destroy all books and documents dealing with the white slave traffic and the question of the social evil.

Inspectors Hodges and Wood are investigating the attempt to set fire to the library and the United States postal authorities have been called upon to assist in tracing the letter through the mails if that can be accomplished. Every effort is being made to unearth the mystery as to the sender of the threatening letter, as it is believed that in this manner the only clue will be found to the identity of the incendiary.

EVIDENCE IS FEARED.

It is thought that the fire nest was placed in the document room of the library by some fanatic or by some person connected with the white slave traffic under the belief that some incriminating evidence was contained in the documents on file in the library. Another theory advanced by the police is that the work was that of some mischievous person who desired to frighten the library attendants, without intending to succeed in burning the building.

Inspector Hodgkins stated today that although he had made a careful examination he had found no marks of burning on the floor or on the file where the partially burnt paper was discovered, and it is his theory that the paper was burnt and then thrown in on the basket near the file.

Antioch Road Will Build to Sacramento

SAN FRANCISCO, June 19.—The State Railroad Commission will render a decision next week in connection with the application of the Oakland and Antioch railway for permission to issue \$1,000,000 in bonds. It is planned to continue the building of the line from Bay Point to Sacramento.

It became known this morning that the commission is considering the matter and that no decision is expected this week.

Former U. C. Cataloguer Takes Poison and Dies

BERKELEY, June 19.—Miss Helen G. Sheldon, 45 years of age, formerly a cataloguer at the University of California library, swallowed four ounces of bichloride of mercury last night and died this forenoon after many hours of terrible suffering. No

Mrs. Catherine G. Sheldon, with whom she lived, nor to her several friends. The Sheldons resided at 2249 College avenue. Mrs. Sheldon was one of the employees of the University of California library and had been employed there for several years.

ANGRY BOYS THREATEN OFFICER

300 Lads From Fremont High School Held at Bay With Horsewhip

Wielding a horsewhip, Captain Thorwald Brown of the Melrose police station this noon fought off about 300 angry boys in front of the Fremont High school, following a riot among the students in which several threatened to lynch the police officer. The boys, said to have been angry because the school vacations were delayed two weeks, were restless, and this afternoon built a bonfire on the sidewalk in front of the school. Ordered by the policeman to put it out they gathered about him with shouts and threats. Other police men and cries of "lynch him" were heard.

Brown lashed at several of the students with a horsewhip which he carried and this frightened the remainder. Three boys were arrested, Ben Manning, aged 18; Walter Woerner, aged 19, and Raymond Dalton, aged 15. M. McGee, an eyewitness, declares that several of the boys attempted to strike the police officer. He will be called upon as a witness if the cases come to trial.

Evils happened to be in the neighborhood of the school through complaints of high school girls that a man was seen about the school, who had offered insults to several of their number. The policeman was driving in a buggy. Several students in front of the school opened hostilities on the appearance of the policeman by shouting at him, and jokingly telling him that the man he wanted was passing by. "He paid no attention, but drove past. Coming back a few moments later he saw the fire in the middle of the sidewalk and a number of the boys gathered about. Leaping from his buggy with his whip in his hand, the policeman ordered the boys to extinguish the blaze. "Kill the bull!" shouted the boys, as they crowded about him. "Lynch him!" Others joined, and soon a dense crowd had gathered about the fire and the policeman. Several struck at him, whereupon he laid about him with his whip, grabbing the three boys arrested, hurried to the police station. The boys struggled for freedom, and several times he was forced to threaten the students who followed and offered to rescue the prisoners.

JAKE OPPENHEIMER'S REPRIEVE EXTENDED

"Human Tiger" Saved From Gallows by 3-Weeks Federal Stay.

SACRAMENTO, June 19.—An additional reprieve of three weeks was granted today to Jacob Oppenheimer, the "human tiger," who was to have been executed tomorrow morning at Folsom state prison. This reprieve was extended by Governor Johnson upon receipt shortly before noon today of a telegram from the Supreme Court of the United States at Washington, D. C., to the effect that Oppenheimer's petition for an appeal from the decision of Federal Judge Van Fleet had been granted by Supreme Court Justice Vandeventer.

In issuing the reprieve Governor Johnson announced that it was extended because of the action of the United States Supreme Court Justice and that the time is set at three weeks so as to give ample opportunity for the appeal to be decided.

A Wesley Mell of San Francisco, secretary of the Pacific agency of the American Bible Society, called at the office of Governor Johnson today in behalf of Oppenheimer. Simultaneously with his appearance at the governor's office came a telegram from Washington and the reprieve was issued without delay.

Later in the day a large delegation from San Francisco and Oakland, clubmen and members of the Anti-Capital Punishment League appeared at the governor's office to intercede in behalf of the thirteen other prisoners in San Quentin and Folsom prisons, under sentence of death.

NEW OFFICIAL TAKES VIEW OF PROPERTIES

Superintendent of S. P. Electrical Equipment Pleased

Arriving from Los Angeles, where for seventeen years he has been an official in the Pacific Electric Company, James McPherson, newly appointed as superintendent, today took charge of the electrical properties of the Southern Pacific Company on this side of the bay, including the local lines of Oakland, Berkeley, Alameda and Albany. The new official yesterday, before taking over his new office, was shown about the city and entertained by a number of prominent citizens.

The new Southern Pacific official was recently superintendent of the northern branch of the Pacific Electric Company and for seventeen years occupied a prominent place in the electrical traction operations of the south. The appointment to this district was made several days ago, following the visit of Paul Shoup, in charge of all the company's electrical property, to Oakland.

That the local electrical properties are in remarkably good condition and admirably designed was the first statement of the new official on looking over his field. "I was delighted," he said, "to find everything in order in every department of the company's electrical properties, and as soon as I had set my mind at rest on that point I set out to see what I could do for this city. To see it all I shall have to wait for a vacation and a good long vacation at that. In a day's stroll one can really see but little of Oakland. I saw enough, however, to make me fall in love with the place."

"The people I have had the happiness of meeting are worthy of their beautiful home which I have now to call my own."

VALLEJO, Cal., June 19.—Fourteen persons are dead, three are in a critical condition at the Vallejo general hospital and between thirty-five and forty more are less seriously injured, because there was a conflict of orders or a misunderstanding on the San Francisco, Napa & Calistoga Electric Railway this morning.

Those seriously, perhaps fatally injured, are: T. Monteverde, 1624 Tyler street, Berkeley; A. Hosmeister, 1757 Franklin street, Oakland.

To obviate the difficulty of reaching those pinioned under the wreckage, the Vallejo Fire Department has sent hook and ladder crews to the scene of the wreck and a house-moving outfit is endeavoring to lift the mass of debris with jack screws.

TWO PERISH IN BIG BLAZE NEAR CHICO

Five People Seriously Injured and Lumber Yards Threatened.

SACRAMENTO, June 19.—Two men were burned to death, five were seriously injured and the immense lumber yards of the Diamond Match Company and the James H. Jones grist mill threatened with destruction in a fire late last night at Barber, a suburb of Chico.

FLANDERS LOOMIS, father of F. M. Loomis, proprietor of the hotel. BERT SULLINGER, employee of match company.

The injured: FRANK GARNETT, seriously burned about head.
E. BARRY, broken arm.
WILLIAM GILCHRIST, serious burns about the body.
F. MCCLINTOCK, cuts and burns.

The fire started in the Barber hotel, used by employees of the match company. There were many acts of heroism and F. M. Loomis, the hotel proprietor, almost gave his life in an attempt to save his father, Flanders Loomis, who was sleeping in an upper room. When the building was almost ready to fall Loomis rushed into the flames, fought his way to the second floor but there found the hallway leading to his father's room abandoned. He was forced to jump.

A car well filled with passengers, speeding southward from Napa to this city and a train of two cars going in the opposite direction collided at 9:30 a. m., at One-Mile House, near this city. The great speed of the two trains caused the southbound car and the front car of the northbound train to telescope completely and hardly anybody on board either train escaped unharmed.

TO PROBE WRECK.

While the search of the wreckage continues and the total list of injured is uncertain, Coroner B. J. Klotz and District Attorney J. N. Raines are at the scene of the accident, gathering evidence to be used in a searching investigation to determine the responsibility for the wreck.

Passengers on the southbound car say that they heard William Patten, conductor of that car, at the telephone station in the way between Napa and Vallejo, which is used to transmit orders to car crews, report over the telephone: "Stop at Vallejo siding."

What orders Richmond received is not known.

MELVILLE STONE TELLS
SENATE ABOUT SUGAR

Manager of Associated Press Gives Com-
plete Account of Hamlin Controversy

WASHINGTON, D. C., June 19.—Melville E. Stone, general manager of the Associated Press, testified at his own request today before the Senate lobby committee regarding the claims contained in some of the correspondence of Clarence C. Hamlin as to publicity beet sugar men had hoped to obtain through the Associated Press. Hamlin's letters had been read into the committee's record two days ago after having been subpoenaed from the files from the United States Beet Sugar Company.

Before Mr. Stone testified Senator Newlands took the witness chair to make a brief statement concerning the use of his name in some of the correspondence introduced yesterday.

Mr. Stone presented all his letters and records bearing on the demands of the beet sugar interests for publicity throughout the news association.

John Arbuckle, a sugar refiner, when leaving for Europe, had given out a statement favoring free raw sugar. That statement was carried by the Associated Press, he said. On October 15 a short statement was given out by Clarence C. Hamlin at Colorado Springs, answering the Arbuckle statement, which was also carried by the Associated Press. The Arbuckle statement, he said, was about 1000 words long; the Hamlin statement about 150 words.

PERSONAL LETTER FOLLOWED.

Mr. Hamlin then wrote Mr. Stone asking that the beet sugar interests be given as good treatment as the sugar refiners. Mr. Hamlin's letter was, "I am writing you as chairman of the United States Beet Sugar Industry, an organization which includes practically all of the beet sugar interests of this country, and if anything further is necessary to give that to which I have to say credit, I would refer you to any papers in Denver as well as to Senator Guggenheim and Senators Clark and Warren of Wyoming. Also to Chester S. Morey of Denver, president of the Great Western Sugar Company, the largest beet sugar producer in the United States, with whom you are personally acquainted. I might add I am a member of the Associated Press, representing the Herald-Telegraph of this city. "Publicity is the last thing I wish to seek personally, but, in justice to the great industry which I represent, I feel justified in taking up with you in person a matter which to us is of the greatest importance. On October 12 John A. Arbuckle, of Arbuckle Brothers, gave out a statement which was printed in full in every Associated Press newspaper of the United States concerning the sugar situation. A copy of this statement is attached hereto. The matters contained in this statement were of such great importance and some of the misrepresentations so gross that I did not feel that these statements should go unchallenged."

WANTED 650 WORDS USED.

"I took the matter up with the local representatives of the Associated Press, who forwarded it through the ordinary channels and was assured that the Associated Press would handle 650 words representing the beet sugar men's position on these questions. This statement, prepared and you will find a copy hereto attached. This is from the Denver Republican, the Colorado papers having handled it in full. The manner in which it was handled will be disclosed by the attached clipping from the Washington Post of October 16.

"Your long experience in newspaper work will tell you immediately that we would have been much better satisfied had the Associated Press refused to handle it entirely rather than to have published it in this abbreviated and wholly unsatisfactory manner."

"Of course, I understand the Associated Press is in no sense partisan and must be wholly fair to all of the great interests of the country, and all that the beet interests ask is that they receive the same treatment at the hands of your association as is accorded to certain refiners in New York who are pushing the free sugar propaganda with the avowed purpose of at least putting a stop to the growth of the beet sugar industry."

FAIR PLAY ASKED FOR.

"We certainly have no desire to burden the Associated Press with matter put out for the purpose of 'boosting any industry,' but when attacked feel that we should be given as much publicity as is given to our opponents. At least we would like to know what our status is so far as your association is concerned. Of course there may be something in the character of the statement given out by me which would prevent its acceptance in full, and so you will be doing me a distinct favor by advising me in what respect this is true. Trusting you will give this serious personal consideration and thanking you in advance for anything you may be able to do in the direction of according justice to so large an industry, I am, very truly yours,

C. C. HAMLIN."

Mr. Stone said that the local correspondent of the Associated Press at Colorado Springs had no authority to make any agreement that the Associated Press would carry any statement.

"I do not know who was the correspondent at Colorado Springs," Mr. Stone added. "He may have been an

employee of Mr. Hamlin's paper, for all I know."

In answer to Mr. Hamlin's letter Mr. Stone wrote, October 23, 1911:

"I have your letter of October 19 and note contents. I can well understand how you feel in regard to the matter. It is certainly my desire that the Associated Press shall be just and impartial in the treatment of every matter reported by it."

WIRE WAS CROWDED.

"The Arbuckle statement was carried, not because it was a statement of a sugar refiner, but because of its bearing on the general issue of living, which, as you know, has been the subject of keen interest in the United States. With the advance in the price of sugar, coffee and other necessities there necessarily has been much feeling on the general subject."

"When your statement in answer to mine came, it was a very busy day and night."

The President of the United States was at San Francisco, the plans for Justice Harlan's funeral were on, the McNamara trial was before the country, the world's series of baseball games was in progress, a critical situation in China existed and there was an acute political situation in Mexico. All of these things crowded out one wire running from Kansas City to San Francisco and I suppose our Denver correspondent was very busy.

"I am writing to the chief of our office there asking him for an explanation regarding the matter, but I can well anticipate that this is what he would say."

"I fancy the matter will come up before Congress and then I trust we shall be able to give you as good a hearing as those who are contending on the other side."

"Sincerely yours,

MELVILLE E. STONE."

erable by persons who affect to see much humor in the caption. One called over the telephone almost as soon as the big department opened today.

"Does your latest bulletin relate to grasshoppers and fleas?" he inquired. "And what is the economic advantage in controlling the insects on the hop? Anyhow, how do you control them in the air? By a steering apparatus? And

"Go to thunder!" said the exasperated clerk, cutting the joker short.

The bulletin actually is a serious document intended to call attention to the ravages of the hop aphid and the red spider, especially in the hop fields of the western and Pacific coast states.

Male Suffragist Killed
at Ascot Track 'Neath
Belmont's Racer

ASCOT, England, June 19.—Fired by the recent example of Miss Emily Wilding Davidson during the Derby, a male suffragist today committed suicide by flinging himself in front of a horse in the race for the valuable Ascot gold cup. His act deprived the American sportsman of a good chance of capturing the trophy.

The man was killed, but the horse and its rider, although brought to the ground, were not harmed.

Waving a flag of the suffragette color in one hand and brandishing a revolver in the other, the man sprang over the rails just as the field of eight horses, with the American colt Tracery leading, were entering the home stretch. With a loud yell of "stop!" he sprang in front of the horses. Tracery collided with and felled him before the jockey, A. Whalley, had time to avert the accident.

Tracery fell in a heap in the center of the course, but his jockey, Whalley, fell clear of him. Both were quickly on their feet and Whalley was able to walk into the enclosure.

The man leaped the railing and grabbed Tracery's bridle, bringing horse and rider down on himself. His skull was fractured by a hoof.

Cards found in the clothing of the man bear the name and address, "Hewitt, Trinity College, Cambridge," an undergraduate.

LONDON, June 19.—The parish church at Bowley Regis, near Duxbury, was on fire tonight with a loss of \$30,000. The fire is attributed to suffragettes.

They were treated at the Harbor hospital.

many years that no publicity agent can give us anything. We will not accept anything from him.

As an illustration of what I have said, a number of railroads have publicity agents and the rule is absolute that publicity agents cannot furnish us anything."

Mr. Stone agreed to furnish the committee with the rules and by-laws of the Associated Press and with all information about the origin of the Arbuckle statement, dated in 1911, out of which the correspondence now before the committee developed.

NEWLANDS EXPLAINS.

Senator Newlands' statement concerning references in one of Henry C. Oxnard's letters, made public yesterday, that Oxnard was trying to have Newlands put on the Senate Philippine committee in 1907.

"I have observed with amazement," said Mr. Newlands, the reference to my name and that of Senator Teller. I wish to make it very emphatically that my application to go to the Philippine committee in 1907 was not suggested or influenced by Mr. Oxnard.

"I had been in the Philippines with the Taft party in 1906 and came back with pronounced views regarding the Philippine policy. They urged that we should adopt immediately a policy which would enable us with due regard to our moral obligation to withdraw from the Philippines and that it would be unwise to tie those islands to us by reciprocal and trade relations such as were contemplated regarding sugar and other commodities. A Democratic caucus placed on the Philippine committee in 1907, where I urged the above views."

In this connection the refiners, including the sugar trust," said Senator Newlands, "the Guggenheims and the Arbuckle are on one side and the beet sugar farmers and processors on the other."

"Wherever a man went into a newspaper office of the Associated Press and asked for the publication of a statement, he was told that the statement was not in the interest of the country."

JAP KILLS BURGLAR
AND ENDS OWN LIFE

Fires Bullet Into Head
as Officers Demand
Explanation

LOS ANGELES, June 19.—Laro Awamura, a Japanese lodging-house porter, killed a burglar who had robbed a guest early today, and then committed suicide when police officers called upon him to explain the deed. Papers found later among his effects, referring to recent decision of federal authorities on immigration questions, led the police to believe that Awamura had been engaged in illegal traffic and the fear of facing prosecution on charges growing out of this rather than of shooting the burglar impelled him to take his life.

There were two robbers and they took \$55 from under the pillow of C. E. Roper, a railway conductor, while he was asleep. The robbers found the two burglars as they ran down the hallway of the lodging-house. He fired twice and one of the men, as yet unidentified, fell dead at the foot of the stairway. The other robber escaped. The Japanese then knocked on the door of Mrs. Maud Bennett, the proprietress, and told her simply that a man had been killed in the affray and the body lay in the lower hall. Then he went to his own room while Mrs. Bennett telephoned for the police.

When the officers called on Awamura he asked for time to gather some effects and in the interval fired a bullet into his own brain.

Wilson Pardons Man in
Alameda County Jail

SAN FRANCISCO, June 19.—President Woodrow Wilson today pardoned S. May, a carpenter and federal prisoner, serving a term of one year in the Alameda county jail for smuggling.

Word was received from Washington by United States Marshal Elliott ordering the release of May. The latter was captured here by a customs inspector smuggling opium from a trans-Pacific liner, pleaded guilty and received his sentence when released today. United States District Attorney John L. McNab and Dr. Channing Hall of Oakland, the jail physician, joined in recommending May's pardon because he has been suffering from tuberculosis.

ANTI-TRADING STAMP
LAW TO RECEIVE TEST

SEATTLE, June 19.—The first test of the criminal clause of the anti-trading stamp law passed by the last legislature was begun yesterday when a criminal information was filed by Prosecuting Attorney John F. Murphy charging F. S. Pitney with furnishing stamp coupons without a license at a branch of the United Cigar Stores Company. The new law, which went into effect last week, requires all companies giving trading stamps or premium coupons to pay an annual license tax of \$5000 in each county in which they do business. Failure to obtain such a license is punishable by a fine of not more than \$500 or imprisonment in jail not more than one year.

Cruisers End Battle
Practice on Targets

SAN DIEGO, June 19.—Battle practice with the main batteries at a range of 7000 yards from the targets has been completed by the cruisers California and South Dakota. Reports are that the gunners of both ships scored unusually high. The official report will be issued from Washington. Following battle practice the cruisers will leave for Puget sound. The Denver is to sail for the Asiatic station after a short cruise to Central American waters.

High Standards

One reason why this bank has become a large factor in the important financial and commercial affairs of Oakland is, that it has always maintained a high standard of ideals.

It has confined its business to strictly legitimate channels, and has always sought stability rather than large profits. It has won the confidence of banks and business men.

It welcomes accounts with business men and individuals who recognize the value of high standards in business.

Biplane Somersault
Hurls Two to Death

BERLIN, June 19.—Two German airmen were killed this morning at the Joannisthal aerodrome. Aviator Kraft, carrying a passenger named Gerbitz, had ascended for a two hours' flight. There was practically no wind and the biplane was making good speed when it suddenly turned a somersault at a height of a hundred feet, throwing its passengers to the ground.

TO HALT NIGHT RIDERS.

HENDERSON, Ky., June 19.—Volunteers were armed and sent to the tobacco patches of Western Kentucky today to halt "night riding," after the organization here of a vigilance committee which numbers nearly 100 members. The armed volunteers will attempt to check interference with the planting.

Mrs. M. J. Erickson of Oakland Runs Road

The presidency of the Amador Central Railroad Company remains the only position of its kind held by a woman in the United States with the election of Mrs. M. J. Erickson of 27 Montecito avenue, Oakland, to the head of the road by the board of directors, the successor of Mrs. S. A. Kipper, who recently resigned.

Mrs. Erickson is well known in club and social circles, being a member of the Ebell, Eurydice and Orpheus clubs, the Tax Association of Alameda county and a director of the West Oakland Home. She is a talented musician.

The Amador Central line runs from Martell to Lodi, handling the freight traffic in that district and from the mines in Amador county. It is connected with the Southern Pacific at Galt and extends over twelve miles of territory.

Mrs. Erickson stated that she had been brought up in the railroad business, having gone into that country when he went there to construct the road.

"The country at that time was practically inaccessible and in the long, weary evenings my husband instructed me in engineering, machinery and business management," says Mrs. Erickson.

SONS TO SUCCEED HER.

"My headquarters will be located in the Balboa building in San Francisco and I shall assume the active management of the road with the aid of my husband's associates.

"I intend to make a trip to Amador soon and may open up the timber country there and build an additional twenty or thirty miles to the road, if the prospects are good.

"My home will not be neglected by my advent into the business world. My three sons, now students of the high school, will take engineering courses and take up my affairs when they are older.

"I do not approve of women going into politics or business, but I consider it my duty to look after the road and see that it is in good shape when my sons are old enough to take over the property left by their father."

"FUN IN BOARDING HOUSE"
IS BROADWAY HEADLINER

A new and screamingly funny comedy triumph called "Fun in a Boarding House" is the attraction for the headline position at the Broadway theatre this week. The piece is one of the latest comedies to be produced and is being staged as the best comedy act presented to vaudeville in months. There are seven players in the cast, each having been selected for his or her special talent. The offering is one continual roar from curtain to curtain.

Certainly the average person who has been compelled during his life to live in a cheap boarding house will appreciate keenly the many happenings. There is always the star boarder, the hot-air artist, the boob and the wise analytical gentleman—all are found in boarding houses and all are equally amusing.

This big act and five other feature acts make up a great array of vaudeville talent that are drawing crowds to the popular Broadway theatre.

Who's fault it was for this last half of the week. This show remains till Saturday night only.

ADAMS CHILDREN 'LUCKY,' SAYS PRATHER'S ATTORNEY

**Were Fortunate to Receive Any Part of
Estate, Counsel's Opinion**

Millionaire Edwin F. Adams sat in Superior Judge Ogden's court this morning and learned what a narrow escape he had from losing the entire portion of the estate of the late Thomas Prather, his brother-in-law.

Samuel D. Prather, related from the witness stand the circumstances of his being in possession of property valued at more than \$200,000, and told of the remainder of the estate, valued at \$500,000, which had been obtained by Adams, acting as administrator of the Prather will. Prather's debts amounted to about \$300,000. The property consisted of the interest of the late Julia P. A. Prather in valuable waterfront holdings and other real estate, he said.

Attorney M. C. Chapman, representing the Prather heirs, resented the line of testimony given by Charles E. Snook, appearing for Administrator Adams, sought to bring out and during an interval of open discussion of the case remarked vociferously:

"The only thing I regret is that we did not get \$300,000 more. By a little more testimony we could have had it."

At the time of the trial Thomas Prather was ill in bed, but able to sit up and transact business, his brother said. Among the stocks was a block of 12,866 shares and one of five shares in the Merced Stone Company. The five shares were later transferred to Maurice Prather, a nephew, who succeeded Thomas Prather as a director of the corporation.

Further questioning brought out the fact that Thomas Prather had two days later directed his brother to obtain stock and deeds from his office. These consisted of stock in the Hayward Bank of Savings, the Bank of Forest Meadows ranch in Siskiyou county, valuable lots in Chicago and property at Ten and Albert streets.

"Did he (Thomas Prather) say what he wanted to do with these?" asked Attorney Snook.

"He said that he wanted to give them to me. I handed them to him and he said: 'Here are the deeds to Forest Meadows ranch. The deed from my mother to myself you record first. Next record the deed from me to you. This property is yours.'"

PROPERTY TRANSFERRED.

Later the transfers were completed to the property mentioned. In addition Samuel Prather said that his brother told him that he gave him all the household furniture, jewelry, all papers and books in his office, all accounts due him of any sort whatsoever, and then turned over the keys to the house and to the office at 57 Post street, San Francisco.

Just what valuation can be placed upon the property now in the hands of Administrator Adams has not been indicated other than that it should reach approximately \$200,000. So far there has been accounted for about \$200,000 in the hands of Samuel Prather and the administrator is continuing his quest for an inventory.

Among the things he learned was that on April 17 Samuel Prather had entered the Adams bank, known as the Farmers & Merchants Bank, and presenting an order signed by Thomas Prather, gained access to his brother's safe deposit bank and carried off its contents.

Questioned as to what was in the deposit box Samuel Prather said that it contained a quantity of jewelry and a bundle of papers, all of which he took to his office in San Francisco and locked in his own safe. He said that

he did not remember just what the papers were.

The witness explained that he and his brother had been associated in business since they were 15 years of age and that their agreements in matters had been made orally.

Samuel Prather then related how his brother, shortly before his death, had directed him to obtain possession of certain stocks and deeds and bring them to him at the Prather home, 1441 Alice street. The stock consisted of shares in the Merced Stone Electric and Power Company, the Yolo Power Company, and the Merced Stone Company.

"What did he say when you handed them to him?" asked Attorney Snook.

"He said, 'I want to give you this stock. He asked me to get a pen and ink and to get a sister as a witness. He then signed it over and told me to have it transferred on the books of the company to my name and have a new certificate issued. He

responded the witness.

At the time of the transfer Thomas Prather was ill in bed, but able to sit up and transact business, his brother said. Among the stocks was a block of 12,866 shares and one of five shares in the Merced Stone Company. The five shares were later transferred to Maurice Prather, a nephew, who succeeded Thomas Prather as a director of the corporation.

MASS-MEETING TO DISCUSS NEW BOND ISSUE PLAN

Higher Interest Rate for School Construction to Be Advocated

Citizens and representatives of business and commercial bodies and improvement clubs will meet with the members of the city council in the city hall council chambers tonight at a public mass meeting for the discussion of the proposal to cancel the present municipal bonds and pass an election to provide for a new bond issue at a higher rate of interest.

The increase in the rate of interest is necessary to make provision for money for the completion of the schools, as the present city bonds are not salable in the market at the present time, and this is the only legal method by which the money can be obtained.

Mayor Frank K. Mott, Commissioner Harry S. Anderson and Assistant City Attorney Charles A. Beardsley will explain the situation on the bond matter, and show how it can be solved by a new issue of bonds at a higher rate.

Supervising Architect J. J. Donovan will tell of the present conditions so far as the work on the schools is concerned, and will explain the necessity of proceeding as soon as possible to complete the schools under the present contracts.

Representatives of the Contractors' Association will also be heard.

PROJECT INDORSSED.

The Oakland Commercial Club has passed a resolution endorsing the project for a reissue of bonds unsold at a higher rate of interest. A committee representing the Commercial Club will attend the mass meeting this afternoon.

There will also be a committee from the Downtown Association of Oakland, from the Chamber of Commerce, Merchants' Exchange and from several local improvement clubs. The Alameda County Tax Association will also be represented.

If the plan is endorsed, the city council will direct the city attorney's office to forthwith prepare the proceedings for the election, and a strenuous campaign will be made for the passage of the bonds.

The election can be called within 30 days and if the matter is carried through successfully the money for resuming work on the schools would then be available in from 60 to 90 days.

The mass meeting tonight will be for the purpose of determining the advisability of calling the election, and the probable rate of interest that may be offered on the new bonds.

The committee representing the Commercial Club consists of A. S. Leavenson, Joseph E. Caine, Joseph King and Frank Bigger. The Downtown Association will be represented by William R. Davis, A. D. Deane, Beach C. Soule, Walter A. Henry, Montell Taylor and J. H. Durnst.

CHOIR TO GIVE BARNBY'S CANTATA

Musical Season Will Be Closed
by the Rendition of
"Rebekah."

The choir of the First Congregational Church, under the direction of Eugene E. Johnson, will bring their musical season to a close on Sunday evening, when Barnby's "Rebekah" will be given. The cantata, a scriptural idyll in two parts, follows the well-known story of Rebekah, Isaac and Eliezer, which readily lends itself to a musical setting that is neither heavy, but delightfully fresh and melodious, and with a harmonious structure that is rich with that tonal beauty for which Barnby is so justly famous. Besides several arias for the soloists, the cantata contains a duet for soprano and tenor of great lyric charm, a trio for women's voices, extensive interludes and a Bride's March for organ, and large chorus numbers by the church's choir of 65 voices, the soloists of which are: Mrs. A. R. Winchester; Mrs. Lena Carli; Mrs. Nicholson; Mr. H. J. Williams; Mr. Alms; and Charles E. Lloyd Jr., bass. Miss Virginia de Fremery, organist.

The program is as follows:
Prelude, "Priest's March" (Athalie).....
Chorus.....
"Except the Lord Build the House".....
Chorus.....
Offertory, "In thee, O God, do I put my trust".....
Cantata, "Rebekah".....
Postlude, "Harvest Thanksgiving".....

SAN LEANDRO BANK TO BUILD

\$75,000 STRUCTURE IS PLANNED

STATE BANK IN SAN LEANDRO.

SAN LEANDRO, June 19.—The contract was let yesterday for the structural work on the new \$75,000 building which will be erected at the corner of Hayward and Estudillo avenues by the directors of the Bank of San Leandro. When completed the building will be one of the handsomest and most substantial business blocks in town. It will house the offices of the Bank of San Leandro on the ground floor, while the upper story will be let for business offices. Architect W. H. Weeks of San Francisco, who drew the plans for the new building let the contract for the structural work yesterday to P. P. Quinn, of San Francisco, the estimate being \$48,000. This figure does not include the installation of heating, air conditioning, and other details. It is estimated that the completed building, equipped for bank work will cost \$75,000. The new building will occupy the site of the old San Leandro hotel which was razed to make room for it. It will have a frontage of 125 feet on Hayward and Estudillo avenues, and will be fifty feet deep. Concrete and steel form the structural work on the building, making it fireproof. The front will be faced with white Mantle stone, with a granite base, and the imposing appearance of the new building is guaranteed by stone columns. The interior appointments will be in keeping with the substantial nature of the exterior work, and the floor will be laid in hardwood. Architect Weeks says work will be started immediately on the construction of the bank building, 175 days being given in which to complete the construction. Facing the Bank block on the opposite side of Estudillo avenue, the new building of the San Leandro bank will be one of the most imposing business premises in town.

WHAT HAVE WE ACCOMPLISHED?

THE citizens of Oakland on November 15, 1909, voted to issue bonds aggregating \$2,503,000 for municipal harbor improvements. Three years, seven months and some days have elapsed since this civic undertaking was authorized and financed.

With an expenditure of more than four-fifths of the funds available up to the present time, the taxpayers and property-owners of Oakland are asking, "What have we got to show for our money?" The question is a fair one, and it is up to those charged with the expenditure of this vast sum to answer.

So far as the public is informed, it seems to be all outgo and no income.

It is stated upon the authority of a high official of the United States government that in case of emergency, within four months, a warship could be sent through the Panama canal. This means that the opening of this great waterway which is to change the trade routes of the world is almost at hand. Is Oakland to be prepared to take care of the commerce which can be most expeditiously and economically handled over its wharves?

After an expenditure of more than two million dollars, is Oakland today ready to dock a single ship? There are at the present time eight or ten trans-oceanic lines preparing to operate through the canal to this coast. Is Oakland in any position to offer them accommodations? This is only part of the tremendous influx of business that is awaiting opportunities in Oakland.

A sign board conspicuously displayed on the western waterfront for a year or more advertises "400 acres under municipal ownership for factory sites." Can the city show one single industry located in this area or an acre available? The captains of industry are already erecting plants elsewhere in anticipation of the new trade conditions which will come about with the reduced cost of water carriage between Europe, the Atlantic seaboard and the Pacific coast.

Oakland has, at a large cost, constructed a rock fill across the waste of water in the Key Route basin, but has provided no approach for deep sea vessels at the logical point for piers. While it is true that a great concrete quay wall has been completed along a portion of the estuary, or inner harbor, it is in shore and hundreds of thousands of cubic feet of earth must be removed before ships can come alongside.

The only completed project, the Livingston-street wharf, a concrete structure for which \$175,000 was appropriated, located at the head of the estuary, is almost high and dry at low water and at full tide can scarcely accommodate vessels with a draft of 15 feet.

The most available portion of the waterfront of Oakland, that nearest its commercial center and which serves a rapidly developing industrial and wholesale district, is devoted to garbage dumps at the foot of Broadway, while the Franklin street wharf is in a deplorable state of neglect and disrepair.

One-tenth of the amount expended on the Livingston-street wharf, which produces practically no revenue and serves no important commercial purpose, would have put the waterfront from Webster street to Broadway in shape to accommodate important shipping interests.

The city's commercial development is today being dwarfed because of the delay in practical and immediate returns from the investment in waterfront improvement. There are rumors of a request for another bond issue, but if the taxpayers of Oakland are to grant a further extension of credit they are entitled to know definitely when Oakland may reasonably expect to realize its destiny as a commercial city by the completion of its harbor.

The Women of the White House.

THE TRIBUNE is in cordial agreement with these remarks taken from the Los Angeles Express:

"There is a genuineness and wholesome simplicity pervading the White House atmosphere these days that is restful and singularly calculated to command respect. It is both dignified and warmly sympathetic.

"The members of the President's household, in a most quiet and unobtrusive way, have interested themselves in the social problems about them in the city of Washington. They have remembered the poor, sought to relieve the sick and suffering and in many ways proven the genuineness and depth of their human sympathies. And all has been done in the simplest simplicity and good taste. All honor to the wife and daughters of the President."

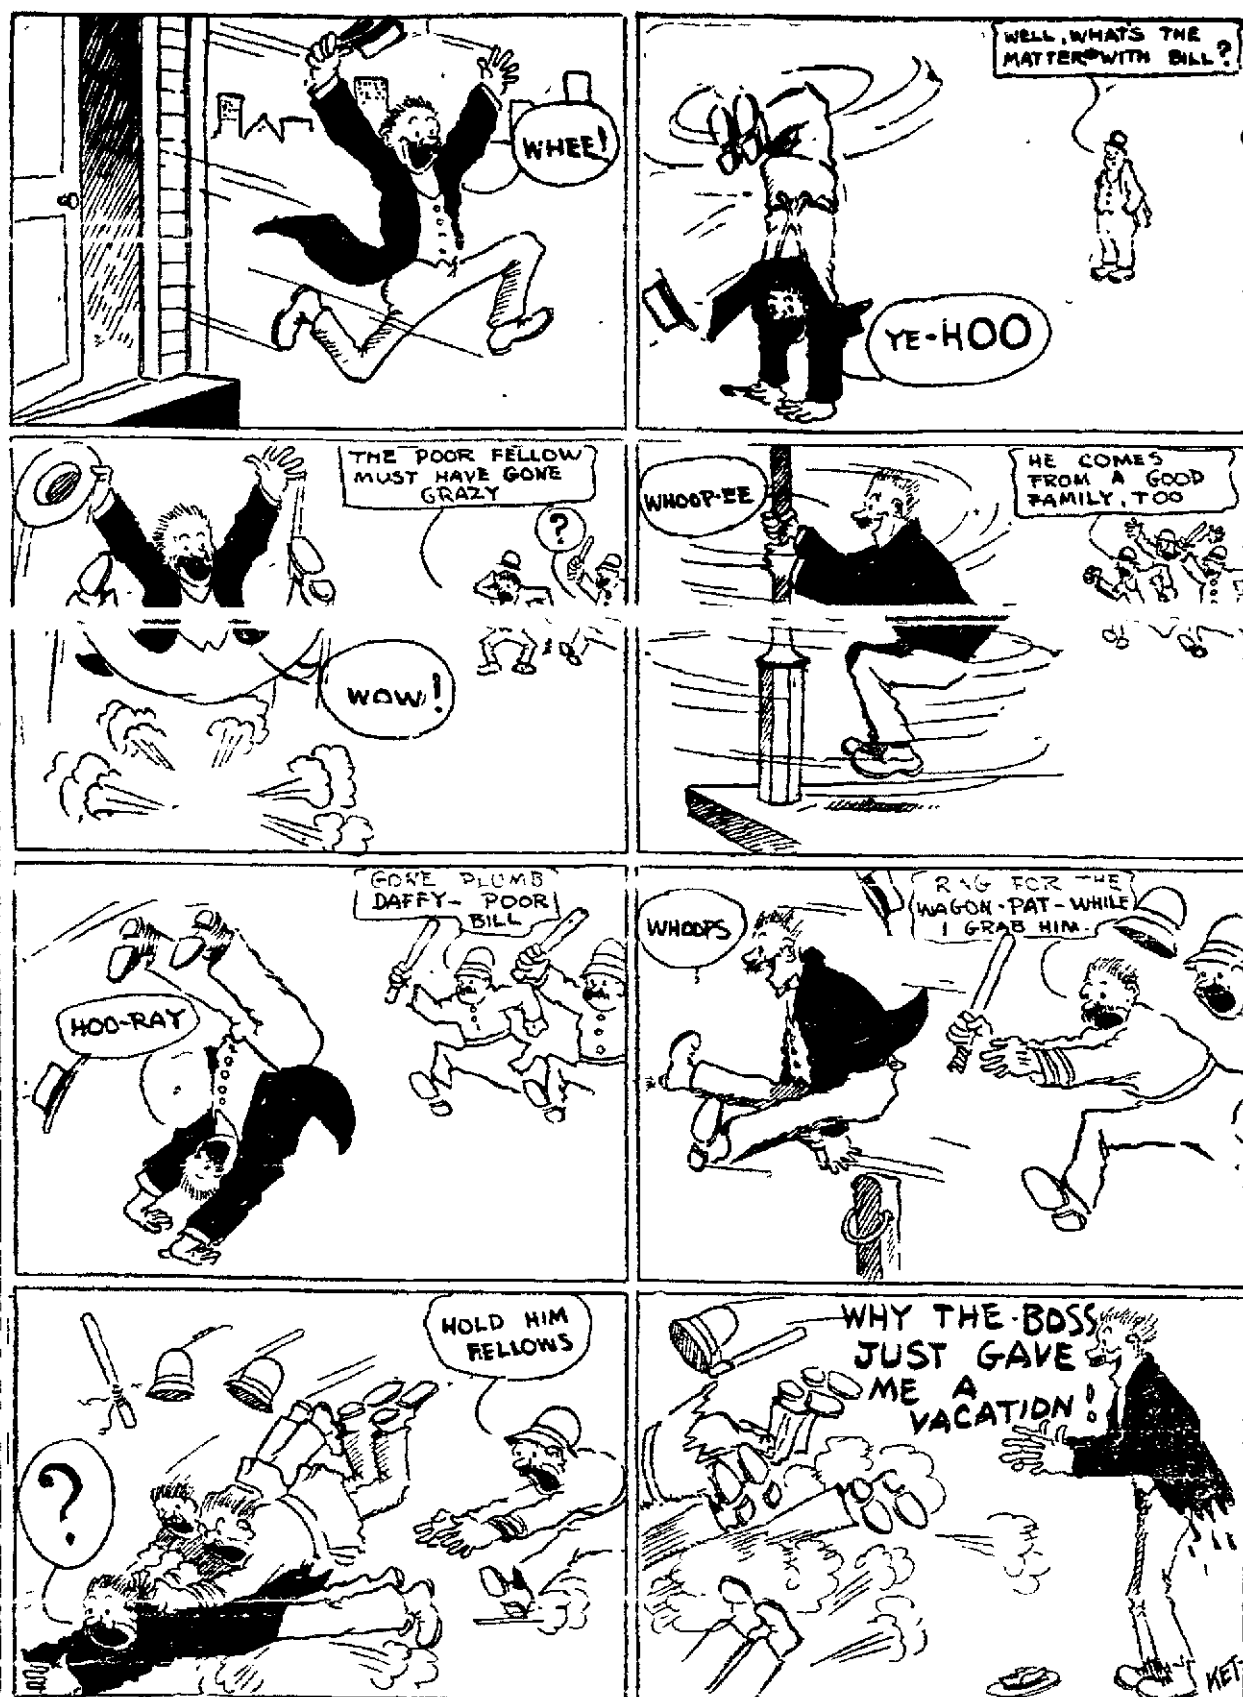

It was different in the days when Princess Alice smoked cigarettes in the White House. The ardent and unostentatious sympathy with the poor and lowly, which the Express so warmly and felicitously praises, was not then so much in evidence. Neither was publicity so modestly avoided. The change is both wholesome and agreeable. Mrs. Wilson and her daughters represent the type of womanhood which all men honor and revere in their hearts. The women of the White House, as a rule, have been of this type, but it is only within the last few years that the work of ameliorating social conditions has been taken up with such energy and enthusiasm. Not the least encouraging sign of the times is the unobtrusive activity of the wife and daughters of the President in the task of bettering moral and social conditions, in- stead of personally, and by example stimulating the good in- stincts of the wealthy and high placed.

Cane and beet growers are now being consoled with the assurance that putting sugar on the free list will not cause much fall in the price. That is poor consolation for the consumer. It is not the duty will not perceptibly lower the price, but the government throw away the revenue? Putting the free list did not lower the price to the consumer.

Our Democratic Party is a party for bankruptcy? Or are they manifesting remorse for the income tax?

Why does the world in such misery in the world is that

Colusa on the Map.

Having been connected by an electric railroad with Marysville and Sacramento, Colusa proudly claims to be on the map at last. Colusa was a good town forty years ago, but her promise and importance disappeared when railroads were built on each side of her, cutting off her trade and deflecting the grain shipping business from the steamboats. Nevertheless, Colusa has always been a good point for local trade. The surrounding country is fertile and its production will be increased by irrigation. The old town is feeling the impulse of a new life, and in due time will come in for a share of the prosperity that is coming with the development of the Sacramento valley. It is a pity Will S. Green is not alive to see the changes he dreamed of and prophesied for so many years. They have not come exactly as he imagined they would, but he was a seer for all that. He was preaching the doctrine of irrigation and intensive farming when many of the stirring young men now booming and developing the Sacramento valley were unborn. They called him old-fashioned, but he was ahead of his time for all that. He saw ahead of his generation, but the seed he sowed is at last ripening. He was an avant courier of progress in the truest and best sense. One of Colusa's chief claims to remembrance in other sections of the State is that Will Green lived and labored there—a Cincinnatus who loved the soil and strove to build up and ennoble agriculture; in some respects wedded to tradition, but in others in full sympathy with the currents of progress. Colusa was always on the map when he was alive, and on the earth, too. We rejoice that she is prospering.

Lobbyists and Crooks.

It is nonsense to deny that there is a lobby at Washington. Of course there is a lobby at Washington, as there is in every State capital when the Legislature is in session. Every man who tries to influence legislative action, by argument, persuasion or other means, is for the time being a lobbyist. There will be lobbying as long as there is legislation. Nor is lobbying in itself disreputable or improper. It becomes disreputable and improper only when the methods resorted to become dishonorable. Argument and persuasion are entirely legitimate and proper, but corruption and intimidation are to be exposed and punished as unlawful and disreputable interference with legislation. So the real question at issue in Washington is not whether there is a lobby, but whether the lobby is resorting to dishonorable and corrupting expedients. Often the professional lobbyist sells influence he does not possess. Having ascertained privately how a legislator stands on a particular matter, the lobbyist of this class will go to interested parties and offer to sell the vote of the legislator in question. Lobbyists of this type are essentially confidence men. They are bilks and crooks. They do not corrupt legislation so much as they besmirch it and give it an evil reputation.

ANATOLE FRANCE ENCOURAGES

Anatole France gives to all young poets the sweet wine of encouragement. "Master," one of them asked him, "have you read my poems that I brought to you last Sunday?"

"Yes, truly, I read them. I began reading them one evening, and I could not close my eye until I had ended them."

"Oh, master, you are making sport of me; you have not read them!"

"I shall indicate to you the most beautiful page in your book. It is page 31. Is it not there that you have placed the best of your work? Admirable page! Will you say again that I have not read your poems?"

Twenty Years Ago Today

It is California Day at the World's Fair today, and Native Sons are present there in large numbers. The big State building is beautifully decorated and impressive opening ceremonies are now in progress. There will be speeches by James D. Phelan, M. H. de Young, J. M. Samuels and State Commissioner W. Ferguson.

Bank Commissioner Knight has just issued his official statement regarding the Oakland Bank of Savings. He reports it to be in flourishing condition with resources valued at \$6,500,000.

Oakland played the Los Angeles team in the South recently and was beaten twice by the scores of 16 to 11 and 9 to 3. Oakland still remains second in standing with a percentage of .525.

The Rev. Mrs. Lila Frost preached in the First Unitarian Church last Sunday on "The Problem of Evil."

At a recent dinner given by Charles Edwin Markham at his beautiful cottage in Fruitvale, Joaquin Miller, Miss Ina Coolbrith and William Morris, the artist, were among the guests present.

E. W. Hilgard, professor of agriculture and director of the State University's experimental station, has returned after a year's stay in Europe, where he studied and lectured at the Old World colleges.

James Andrews of Berkeley has gone to Chicago, where he will represent his district at the Socialists' Congress to be held there.

Dr. A. F. Felt and wife are at Monterey. Mrs. T. B. Coghlin and Mrs. Kales are at the Sea Beach, Santa Cruz.

Mrs. H. H. Harris and family, J. B. Sutton and wife, A. Jones and E. S. Doud are among the visitors at Santa Cruz.

Mrs. Louis Snow, Miss Martha Snow and Miss Amesbury, all of Alameda, are enjoying a vacation at Cazadero.

NAUGHT IN A NAME

An American traveling in Europe engaged a courier. Arriving at an inn in Austria, the man asked his servant to enter his name in accordance with the police regulations of that country. Some time after the man asked the servant if he had complied with his orders.

"Yes, sir," was the reply. "How did you write my name?" asked the master.

"Well, sir, I can't pronounce it," answered the servant, "but I copied it from your portmanteau, sir."

"Why, my name isn't there. Bring me the book."

The register was brought and, instead of the plain American name of two syllables, the following entry was revealed:

Monsieur Lippincott's.

MOSAIC LAWS ARE SANITARY

There have been gathered a collection of facts to prove that the sanitary laws of Moses were not only on a line with the modern rules of hygiene, but in some cases in advance of them.

The Jews thousands of years before Christ, settling in a semitropical country, was forbidden to eat pork or shellfish, and milk was designated as a source of contagion. In the Talmud a method of slaughtering animals was prescribed which is acknowledged today in our markets as the most sanitary.

Five thousand years before Koch gave to the world the results of his researches in bacteriology, the Mosaic law pointed out the danger to man from tuberculosis in cattle, but did not forbid infected poultry as food. It was only a few years ago that German specialists discovered that fowl tuberculosis was harmless to man.

The Mosaic law also enforced the isolation of patients with contagious diseases and the burial of the dead outside all cities. These laws are still in force today.

The wise lawgiver prescribed not only

CAPTAIN AND FIVE OF CREW DROWN

Fishing Schooner Rammed in Fog and Only Eight Are Saved.

BOSTON, June 19.—Captain John Andrew Jorgensen of Portland, Me. and five members of the crew of the Gloucester fishing schooner Olympia, went down with their craft when she was rammed yesterday by the Warren Line steamer Sagamore. The Sagamore arrived at quarantine from Liverpool last night with

Sagamore was groping her way slowly through the fog when the accident occurred. The Olympia, aboard of which all but the men on watch were asleep in their bunks was pierced abreast of the Sagamore and foundered in a few minutes.

There was barely time for the eight men to climb her foremast and to gain safety on the deck of the steamer. The other members of the crew, including Captain Jorgensen, who were holding

the captain still be the last to leave his ship, were waiting there for the lifeboats to be lowered. The schooner went under.

The survivors said last night that the crash came with scarcely three minutes' warning. The four members of the watch had only time to rouse their sleeping mates, and no attempt could be made to save the cargo.

One of Captain Jorgensen's sons, Frank, was among the eight saved. His other son, John, went to his death with his father.

MAY REVOLUTIONIZE WIRELESS TELEGRAPH

LONDON, June 19.—The Evening Standard ascribes to William Burtinall, an English engineer, an invention which will possibly revolutionize etheric telegraphy and make the long-distance wireless telephone commercially possible.

The invention consists of an electric generator capable of producing high currents with alternating frequency of 10,000 to 30,000 periods per second. Both telegraph and telephone by wireless have hitherto been handicapped by lack of such generators.

Burtinall's invention it is said, overcomes the defects of the present type of high frequency and also of variable frequency. The inventor maintains that it is possible to construct machines of this power that the commercial use of the wireless telephone for a distance of several hundred miles will be immediately possible.

FIREMEN LOSE LIVES.

MINNEAPOLIS, Minn., June 19.—Two firemen were killed and five others seriously injured in a fire yesterday that left the high school in the northwestern part of the city a mere shell of bricks and twisted iron. The loss of the building is placed at \$325,000, on contents, including equipment and supplies, \$50,000.

WOMAN FEELS 10 YEARS YOUNGER

Since Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Louisville, Ky.—"I take great pleasure in writing to inform you of what Lydia E. Pinkham's Vegetable Compound has done for me. I was weak, nervous, and cared for nothing but sleep. Now I can go ahead with my work daily and feel ten years younger than before I started taking your medicine. I will advise any woman to consult with you before going to a doctor."—Mrs. INEZ WILSON, 2229 Bank St., Louisville, Ky.

Another Sufferer Relieved.

Romayor, Texas.—"I suffered terribly with a displacement and bladder trouble. I was in misery all the time and could not walk any distance. I thought I never could be cured, but my mother advised me to try Lydia E. Pinkham's vegetable Compound and I did.

"I am cured of the displacement and the bladder trouble is relieved. I think the Compound is the finest medicine on earth for suffering women."—Mrs. VIOLE JASPER, Romayor, Texas.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MAN DELAYS PROPOSAL MAY HAVE GOOD REASON

By LAURA JEAN LIBBEY

[Copyright, 1913, by Laura Jean Libbey]

It is a matter for deep consideration as to whether a girl who has been receiving constant attention from a man for upward of a year should part with him because he is slow in proposing.

It should be remembered that custom has conceded to man the privilege of asking a girl's hand in marriage, or, after a reasonable length of time, in which he has enjoyed her constant companionship and decided that they were not suited to each other, to say goodbye and go their separate ways.

There are people who blame him for taking up her time, but those who are slow in proposing, though they have gained her affections and has none to

compensate her for the time she has spent with him, realize that it is a serious matter for a man to wed with only lukewarm sentiments in his heart. They believe it to be a mistaken idea for a man to lead a girl into matrimony, though he has gained her affections and has none to

compensate her for the time she has spent with him, realize that it is a serious matter for a man to wed with only lukewarm sentiments in his heart. They believe it to be a mistaken idea for a man to lead a girl into matrimony, though he has gained her affections and has none to

LEAVE MEXICO IN FREIGHT STEAMER

Party From Mazatlan Arrives From Revolution-Ridden District.

SAN FRANCISCO, June 19.—Unable to secure accommodations on the regular passenger steamships sailing from the Mexican west coast ports, forty-three men, women and children compelled to leave the revolutionary-ridden country, arrived here yesterday on the British tramp freighter Collingham. Hundreds of others from the interior are stranded in the various ports waiting for opportunity to flee.

A distressing state of affairs was reported by the passengers on the ship, whose officers from Captain S. Shirley down, cheerfully surmised their comfortable state.

Mrs. Lily Miller, wife of an American mine operator in Sonora, made the long and difficult trip to Mazatlan and then continued to this city to leave her four

children whom she refuses to leave. Frank W. Logan and W. H. McGinnis, road men, left Empalme to bring their wives to safety and will return to help the employees retain their property.

No foreigner is certain of his life and liberty in Mexico, said A. W. Rosamond, who with H. Fassett, have left their fertile plantation in Durango. "It is impossible for an American to farm his land and pay the extortion demanded

by the revolutionaries," said Rosamond. "About half way to Mazatlan we found the body of a murdered American, stripped of all valuables and could not identify him. We buried the victim."

Americans have had to realize that what industries Americans are subjected to, said C. Rohrer, proprietor of several hotels, including one at Guaymas. "The Mexicans hate the 'Gringos' and insult him at every opportunity."

H. A. Steiers, a mining man, while at Empalme was taken prisoner by the federalists and accused of being a rebel spy. He was eventually released after being kept in prison for a week and released of his valuables.

Senorita Julia Santa Cruz, niece of the governor of Sonora, was a passenger on the Collingham. Although the uncle is a staunch federalist, her cousin Ignacio Periquito is a general in the rebel army and has a force of several hundred Yaqui Indians under his command. The girl believes she is safer in this country.

Mrs. Olga Mueller, wife of a wealthy German merchant, was among the refugees, accompanied by her young son, her sister, Miss Helen Bornemann, and maid, hastening home to Germany.

The officers of the Collingham reported that Mazatlan was surrounded by rebels when the ship was anchored there and a number of ships were fired upon which damaged the city's water supply.

Superfluous Hair Truths

Investigate all Claims. Claims are easily made but hard to prove. The success of De Miracle has not been attained by merely making claims but by fulfilling them which is proven by the fact that De Miracle is the only depilatory that has ever been endorsed by reputable physicians, surgeons, dermatologists, medical journals and prominent magazines.

Only Depilatory of Proven Merit. De Miracle has stood the test of time, having been sold for over eleven years, therefore it is the only depilatory of proven merit. Consequently, the only one you can use with absolute safety. The mere fact that questionable depilatories are short-lived should alone be sufficient warning to avoid their use.

De Miracle Leaves No Tell-Tale Smell. You use De Miracle it will be impossible for any curious person to know that you have used a hair remover because De Miracle evaporates immediately after accomplishing its purpose, therefore leaving no odor whatsoever. On the other hand, if you use any depilatory with a distinctive odor, an offensive tell-tale smell will cling to your skin for hours.

Only Guaranteed Hair Remover. Others advertise "Guaranteed," but give no guarantee. De Miracle is the only depilatory that has a binding guarantee in each package. Avoid permanent disfigurement by refusing substitutes offered by dishonest dealers merely for a few cents more profit. If your dealer will not supply you send \$1.00 direct. Free information sent on request.

STANISLAUS IS WEALTHY COUNTY

Has Vast Acreage in Farm and
Orchards; Dairying is
Big Industry.

SACRAMENTO, June 18.—"Irrigation in Stanislaus County. What It Has Accomplished" is the title of a statement from the statistical department, office of Secretary of State. It follows:

The county of Stanislaus contains 528,000 acres, of which in 1910, 649,392 acres were in farms.

In 1909 there were in the orchards of the county, according to the United States census, 4188 pear trees, 6095 plum and prune trees, 37,676 figs, 10,492 oranges, 576 lemons, 8087 boxes, lemons, 762 boxes, olives, 123,281 pounds; almonds, 113,198 pounds and walnuts 10,935 pounds; peaches, 85,355 bushels.

The total number of orchard fruit trees was 390,615, and the crop amounted to 111,204 bushels.

There were also 54,291 tropical fruit trees, and 34,701 nut trees. The yield of nuts was 134,105 bushels.

The value of all crops in 1909 was \$3,138,880, of which cereals were valued at \$1,215,180; hay and forage \$1,424,229; fruits and nuts, \$499,471.

IRRIGATION. Stanislaus has done wonders for this county and has brought about a great change in products and production. The acreage irrigated in 1889 was 3270; in 1899, 17,585 acres, while in 1910 the acreage irrigated in Stanislaus county was 34,014.

In 1909 there were 224,134 acres planted in wheat, and 38,854 acres in barley. In 1908 there were but 22,668 acres in wheat, the acreage in barley increase being 57,165.

With the aid of irrigation, alfalfa has become a most important crop. The acreage in alfalfa in 1909 was but 6621, while in 1908 it was 40,917, with a yield of 149,214 tons.

As a result the dairy industry has become of the first importance. In 1909 there were but 4417 dairy cows, and 5106 other cows in the county. In 1910 the number of dairy cows on farms reporting dairy products, was 17,136.

The milk product in 1909 was 2,435,056 gallons; in 1910 5,492,573 gallons. The butter product reported in the census in 1909 was 153,659 pounds. The State Dairy Bureau in its last annual report, gives the butter product for the year ending September 30, 1911, as 5,166,515 pounds, and for the year ending September 30, 1912, as 4,894,228 pounds—thus taking the lead in the counties of the state.

The butter fat sold in 1910 aggregated 2,263,193 pounds.

In 1910 the acreage in cereals was 123,498, and the yield was 1,889,524 bushels. The hay and forage crop for 1909 was 178,648 tons.

STEEL AWARD MADE. SAN FRANCISCO, June 18.—Terminating the controversy on the city hall steel award, the award was made yesterday by the Board of Works to the lowest bidder, the United States Steel Products Company, for \$476,283, or \$58,717 below the lowest local bidder.

It is true that women more frequently suffer from kidney trouble than men. It is also true that they suffer more intensely, owing to their more sensitive organism. Katherine L. San Francisco, June 18.—Forty-four delegates, representing commercial and other bodies of all parts of the state, meeting yesterday in the Hotel del Coronado, made permanent the organization of the California Celebrations Committee and perfected a plan for promoting the success of the star carnivals of the state and for fuller realization for the whole state of the possible benefits. M. F. Tarpey of Fresno was elected president.

The working feature of the organization as formed lies in its division of the state into nineteen organization districts, each with a committee chairman who will select his own committee within that district. Each of these district committees will direct its efforts towards the promotion of the more important fairs, carnivals and celebrations within its district bounds and the prevention of conflicting dates and all antagonism. The general organization will tend to harmonize the efforts of all the districts and to weld all of these links of state promotion into one strong chain.

MANY MEET TO FORM COMMITTEE

The State Celebrations to Be
Directed by New Organization.

PROMINENT DIRECTORS.

This permanent organization takes the place of the temporary body formed at the recent conference at Santa Barbara. The plan was worked out by the executive committee appointed then with Dent H. Robert, publisher of the San Francisco Examiner, as chairman, and F. J. Zeeland, publisher of the Los Angeles Times, as vice-president.

The other officers are ex-officio members of this committee. The districts in which the important detail of work will be done were made up of counties as follows:

District No. 1—Siskiyou, Modoc, Lassen, Shasta; George H. Nutting, chairman.

District No. 2—Del Norte, Trinity, Humboldt, Mendocino, Lake; J. F. Wilson, Eureka, chairman.

District No. 3—Sierra, Nevada, Placer, El Dorado; F. C. Atwood, Pacificville, chairman.

District No. 4—Calaveras, Amador, San Joaquin, Stanislaus, Mariposa, Tuolumne; J. P. Irish Jr., Stockton, chairman.

District No. 5—Madera, Merced, Fresno; W. W. Phillips, Fresno, chairman.

District No. 6—Sonoma, Marin, Napa; Edward H. Brown, Santa Rosa, chairman.

District No. 7—Tehama, Glenn, Colusa; J. A. Collins, Yuba City, chairman.

District No. 8—Plumas, Butte, Yuba, Sutter; E. B. Ware, Oroville, chairman.

District No. 9—Sacramento, Solano, Yolo; J. A. Fletcher, Sacramento, chairman.

District No. 10—Alameda, Contra Costa; Joseph E. Caine, Oakland, chairman.

District No. 11—San Francisco and San Mateo; F. V. Keesling, San Francisco, chairman.

District No. 12—Santa Clara, San Benito, Santa Cruz, Monterey; Colin Isaac, Santa Cruz, chairman.

District No. 13—San Luis Obispo, Santa Barbara, Ventura; Sol N. Sheridan, Ventura, chairman.

District No. 14—Los Angeles; W. F. Knight, Pasadena, chairman.

District No. 15—Kings, Tulare, Kern; B. B. Price, Hanford, chairman.

District No. 16—Alpine, Inyo, Mono; W. C. Parcher, Bishop, chairman.

District No. 17—San Bernardino, Riverside, Orange; no chairman.

District No. 18—Imperial; O. E. Derackin, Imperial, chairman.

District No. 19—San Diego; William Tompkins, San Diego, chairman.

Santa Cruz, on motion of Colin Isaac, was chosen as the place of the next annual meeting of the organization, to be held some time in June, 1914, at the call of the president.

PLAYWRIGHT BELASCO
SEEKS QUIET AT SEA

NEW YORK, June 18.—Although his name did not appear on the advance passenger list and no one in the theatrical world seemed to know that he was sailing, David Belasco is out on the Atlantic today on the Conard Campania bound for Liverpool. He arrived at the dock accompanied by two secretaries and hurried aboard a few minutes before sailing time.

His object in making the trip is that he may be able to obtain the necessary seclusion to concentrate on a lot of work which he must finish quickly.

IN SUMMER TOGS.
WASHINGTON, June 18.—Summer clothes have blossomed in Congress. On the House side Representative Padgett of Tennessee sports a silk suit of lawn and white shirt.

Speaker Clark wears very light gray with a white waistcoat. Adamson of Georgia and Taylor of Colorado wear white duck. Beecher of Missouri, Sherley of Kentucky and Anthony Campbell of Kansas keep cool in linen.

CHARTER SPEAKER HEARD BY CLUB

Club Listens to Argument in
Regard to Commission
Form of Government.

ALAMEDA, June 19.—At the meeting of the executive committee of the Alameda Charter Club last night it was decided to observe the holiday season and adjourn the club adjourned until August 20 when the annual semi-monthly meeting of the executive committee will be resumed.

The feature of last night's meeting was an address on charter-making by W. C. Sharpstein of this city and San Francisco, an attorney who has studied municipal government problems closely. He outlined some of the essential features of up-to-date charters.

The speaker strongly opposed an effort to amend an old-style charter into a governing instrument for a commission form of government. He declared that the commission form of government was so different from the present charter under which Alameda is operating, as to make amending the present charter impracticable if not absolutely impossible. The commission charter revolutionizes the whole fundamental idea of municipal government. The speaker suggested that

against the modern commission charter would show it would be necessary to amend practically every section of the present charter.

The speaker believed that the work of amending the old ordinance and passing a few new ones to adapt the city law to the new charter could be easily carried out.

The speaker spoke commendatory of the No. 4 administration plan of giving the advisory committee power of vetoing in regard to the council before final action was taken. He believed this would prove an excellent feature, when possible, in connection with a commission charter.

The speaker was given a round of applause by the committee for his talk and will appear again later before the entire club membership.

ALAMEDA COUNCIL WEIGHS FRANCHISE

Decides Upon Extension of the
Telephone Privileges With
Terminating Clause.

ALAMEDA, June 19.—Representatives of the Peoples Water Company and the Pacific Telephone and Telegraph Company met last night in a regular adjourned session to discuss respectively the extending of the water rates and the awarding of a telephone franchise. The Peoples Water Company stated that its company would consent to no reduction in the water rates now in force, unless it was made a condition of the franchise to install additional fire hydrants.

No definite action was taken. Representatives of the telephone company stated that their company is opposed to the acceptance of a 15-year franchise, but would be willing to accept a 25-year franchise, even if it contained a terminating clause, whereby the city could terminate the franchise at any time. On this showing the city attorney was instructed to draft an ordinance granting a 25-year franchise, with terminating clause, and providing for telephone for city departments and two per cent of the gross revenue to revert to the city.

ALAMEDA MOOSE TO REMODEL BUILDING

ALAMEDA, June 19.—Alameda lodge of Moose voted last night to immediately remodel the old Argus building on the Moose building site and make it a temporary Moose clubhouse. The building will be moved to the rear of the exceptionally deep lot and will be occupied until such time as the lodge is financially able to erect a modern clubhouse and business block on the front of the property. About \$2000 will be expended in remodeling the structure.

The lodge has a commanding lot on Central avenue, just west of Park street. The lot is 50 feet by 207 feet deep. Eventually the remodeled building will be used for storage purposes or as a garage for the autos of members.

REV. THOMAS' MOTHER DIES AT OLD HOME

BERKELEY, June 19.—The Rev. Stephen Thomas, a post graduate student at the University of California and the Pacific Theological Seminary, was called to his home in Sutter Creek last evening by the sudden death of his mother which occurred yesterday morning. Rev. Thomas' father passed away less than three months ago and his mother came to Berkeley and was intending to make her home with her son in this city. She returned to Sutter Creek last week for a short visit. She had not been in good health. Rev. Thomas is pastor of the First Baptist Church in Berkeley.

GET ONE-TENTH OF BIG CHARTER FUND

Saturday night saw the close of the "dollar certificate campaign" waged by the Alameda County Tax Association in the effort to raise, by popular subscription, the sum of \$50,000 for the purpose of investigating a water method of county government. The result of the campaign is not as yet known, according to H. W. Barnard, who directed the movement, as many outstanding certificates have not yet been returned, but it is declared that from indications the campaign did not raise one-tenth of the amount desired.

"We were unsuccessful from a financial standpoint," declared Barnard, "although by this means we aroused public interest. We did not expect to raise the fund. We are interested in the people as a people, to take an interest in our work and show their interest by contributing small amounts. We have received hundreds of letters commending our efforts and an idea of what really aids and encourages us in our work."

A financial campaign to raise the necessary money for the investigation of the water method of county government was undertaken by the tax association, fostered by the Tax Association, will be started at once. This campaign will seek to raise the money in large subscriptions.

FAMOUS STANFORD TABLES PURCHASED

STANFORD UNIVERSITY, June 19.—Fourteen well carved table tops, famed in college tradition as the real Stanford register which were among the attractions at the cafe conducted by the Stanford University authorities before the liquor man to close his place, are to be returned to the atmosphere of the college town. Joseph Larkin hotel and restaurant proprietor of Palo Alto, has purchased the historic tables and will place them in his students' headquarters here. The purchase price is in the neighborhood of \$2000.

MAKE CHANGES AT BLIND INSTITUTION

Numerous Teachers' Transfers
Are Ordered by the
Board of Directors.

BERKELEY, June 19.—The board of directors of the state school for the deaf and blind, at a special meeting held yesterday at the institution, made several important changes in the internal economy of the school in accord with the recommendations contained in the report of the principal, Laurence E. Milligan.

The following transfers were made: Numerous teachers' transfers were made. Charles S. Perry, after thirty years' service as a teacher in the deaf department, was transferred to the position of

Miss Bertha Butler resigned as teacher of music and Miss N. Maria Fitch resigned as manual training teacher to the blind. Dr. Newell Perry was transferred from the position of teacher to that of professor of mathematics in the department for the blind.

Professor H. R. Chapman, formerly head teacher in the Colorado State School, was appointed to the position as head teacher to the blind. Burton Driggs of the Utah school, W. S. Rundo of Berkeley, Miss Julia Ervin of the North Carolina School, Miss Belle Cooper of the New York Institution, and Miss Alice Metcalfe of the Washington State School were appointed teachers in the deaf department.

Miss Myrtle Hill of Berkeley was made teacher of manual training to the blind and Miss Florence Morgan of Berkeley given the position of teacher of domestic science and music.

The new gymnasium and assembly hall, an appropriation for which was made at the recent session of the legislature, will soon be under construction. The splendid new trades building, already erected, will be equipped and ready for occupancy at the opening of the next term. The oral, manual, blind and trades department will then be in order for work second to no institution in the United States.

SCHOOL BOARD IS RE-ORGANIZED

New Committees Appointed by
J. B. Lanktree, as President
of Board.

ALAMEDA, June 19.—Reorganization of the board of education has been effected with Joseph B. Lanktree as president and the following committees appointed by him:

Classification and teachers, Speddy, Ward, Lanktree, buildings, grounds and janitors, Lum, Ward, Lanktree; role and printing, Shanley, Speddy, Lanktree; furniture and supplies, Ward, Shanley, Lanktree; salaries and finance, Lanktree, Lum, Shanley. The first named in each instance is chairman.

Miss Irene Smith of the fourth grade of the Mastick school, was granted a year's leave of absence.

NEW SYSTEM OF FIRE DIRECTION INVENTED

VALLEJO, June 19.—Word has come from Mare Island through unofficial circles that a young, talented naval electrician attached to the receiving ship at that point have completed the plans for a new system of fire direction.

Officers who have seen part of the plans say that they are entirely feasible. The details are known only to the two inventors.

It is said that all guns will train and fire electrically from one instrument directly under the supervision of the battery or ship commander, and will do away with the present system of gun pointing.

One gun or a number of guns can be trained with one instrument. On land they can be fired as fast as they can be loaded, and on shipboard automatically as the line of sight crosses the target.

COLUMBIA PARK BOYS IN NEED OF FUNDS?

LONDON, June 19.—Speculation prevails in certain quarters of London relative to the real financial position of the Columbia Park boys traveling around the world with Major Sidney Peixotto of San Francisco. The party is supposed to sail today from Naples.

It is learned that the major, although he called his brother in San Francisco to disregard the newspapers and secure the parents that all was well, has been accepting money from Sir Thomas Lipton, Mrs. Mackay and possibly others to aid in defraying expenses of a trip. Sir Thomas sent Major Peixotto \$500.

ARCHBISHOP RIORDAN IS NEAR RECOVERY

CHICAGO, June 19.—Archbishop Riordan of San Francisco, who has been in Mercy hospital since May 25, is making fair progress toward recovery. He will not leave the hospital, however, within ten days or two weeks.

His trouble is eczema of the leg, but according to Doctor Johnson, the attending physician, the case is not serious.

STODDARD SELECTED TO BE POSTMASTER

THOMAS C. STODDARD.

ALAMEDA, June 19.—News reached Alameda last evening that President Wilson had named Thomas C. Stoddard postmaster of Alameda to succeed the late T. W. Leydecker, who died last spring. Official confirmation of the news came from the post office department.

Stoddard is now a deputy county assessor, having been connected with the office for 14 years. He served as deputy assessor in the county of Contra Costa and continued in office under Assessor C. W. Horner. He went into Dalton's office after his defeat for the county clerkship last year.

Stoddard was postmaster of Alameda under the Cleveland regime from 1893 to 1898. He succeeded George Sturtevant and was in turn succeeded by T. W. Leydecker when the late President McKinley went into office.

Alameda city, as now constituted, has had virtually but four different postmasters. The first was A. S. Barber, deceased. Then came Sturtevant, Stoddard and Leydecker. The office now goes back to the original postmaster, Stoddard.

Stoddard is a leading Moose and at the meeting of the lodge last night was elected to the position of postmaster. After the death of Leydecker last spring, Assessor George Sturtevant was named as the temporary postmaster of the office.

The bonding concern on Leydecker's bond and he has since been postmaster. He still retains first call on the assistant postmastership, under civil service standing.

FRAT PROBE TO BE CONTINUED

New List Before Committee
May Mean Four More
Students Disciplined.

Members and pledges will come before the Board of Education for possible suspension and expulsion, the committee of investigation, said Principal C. E. Keyes, last night.

The names will not be announced until the matter officially comes before the board. It is understood, however, that four more students will be added to the list of those suspended and expelled in the past three weeks.

The suspended and expelled youths are still working under the leadership of Sydney Carlton, on the plan to induce the other fraternities to join with the Phi Lambda Epsilon, Pi Delta Kappa and Alpha Kappa Pi in relinquishing their charters.

The Theta Chi, presumed to have disbanded two years ago, is declared to still be operating on the matter this week. The names will not be announced until the matter officially comes before the board.

FRONTIER CELEBRATION IS OPENED AT STOCKTON

STOCKTON, June 19.—Eclipsing anything that ever happened here, the San Joaquin valley, Stockton's frontier celebration opened this afternoon at 1 o'clock with a big street parade. After the parade had passed through the principal business streets it moved to Agricultural Park, where all of the feasts took place.

The trains and boats yesterday brought in the last of the vaqueros, cowgirls, rope spinners, riders and their outfits. The park has every appearance of a large ranch topped off by a city effect. The camps, people, horses and cattle are conveniently placed around the inclosure. The struggle for the cash prizes is going to be most interesting, as there are a large number of entries in every event.

The local merchants have agreed to close their stores tomorrow afternoon. The celebration will end Saturday night.

TO TELEPHONE TRAIN ORDERS, McPHEE PLAN

LOS ANGELES, June 19.—That the telephone would soon replace the telegraph generally in the transmission of train orders was indicated by a lengthy discussion of the proposed changes at the convention of the Train Dispatchers' Association of America here. Hugh McPhee, district

Western Union Telegraph Company, advocated the general use of the telephone for the transmission of train orders as more satisfactory and quicker.

MONKEYS SURVIVE PEST-FLIES' BITE

Insects Not Carriers of Infantile Paralysis Says Prof. Herms.

UNIVERSITY OF CALIFORNIA, June 19.—That the transmissibility of infantile paralysis by flies is disproven by experiments he has conducted for the past several months is the belief of Professor W. L. Herms, eminent parasitologist of the university faculty. Five monkeys bitten by flies which had previously bitten either monkeys inoculated with the germs of the disease, failed to contract it in the slightest form.

Professor Herms' conclusions are directly at variance with those of Dr. Roscoe W. Henshaw, of the United States Department of Agriculture bureau of entomology, who visited the campus yesterday. He is impressed with the verity of Professor Herms' conclusions. These are to be detailed in a publication from the University Press, together with the experiments that led up to them.

Eighteen monkeys were used in Dr. Herms' experiments, together with a large number of flies isolated to prevent contamination. Thirteen simians, inoculated with the virus of infantile paralysis, were afterwards turned loose upon five monkeys not inoculated and not bitten by flies. These five animals survived without contracting the disease. The thirteen animals originally inoculated are as healthy today as ever.

The thirteen animals originally inoculated are as healthy today as ever. Dr. Herms' work has been carried on at the university laboratories, chiefly in the State Hygienic laboratory, where Dr. W. A. Sawyer is in control. The investigation was conducted with the cooperation of the State Board of Health.

PORTER SCHOOL WINS ADORNMENT BANNER

ALAMEDA, June 19.—The Alameda Adornment League has awarded the school banner for the best kept premises during May, 1935, to the Porter school.

The banner was in the possession of the Longfellow school and so nearly did each school approach the highest standard that a second inspection was necessary before the award could be made. The committee on school banner award is made up of Mrs. H. K. Ernst, Mrs. S. J. Ackerman, Mrs. Ellen Langren, and A. E. Ackman and C. A. Zorke.

The annual meeting of the league will be held in the rooms of the Alameda Chamber of Commerce tonight.

LEAGUE CONDEMNS CAPITAL PENALTY

ALAMEDA, June 19.—A large and enthusiastic meeting of the Young People's Educational and Social Society was held in Unity Hall last night. Prof. Maynard Shipley, Rev. F. S. Bruch, and Ed Morrill and Donald Lowe were the principal speakers.

After the discussion the league adopted resolutions condemning capital punishment.

BERKELEY, June 19.—The Board of Education has reappointed B. M. Cherrington as social engineer in charge of extension work in the local schools for another term. Meetings held under his auspices at four schools have proved highly successful in the past few months. Lecturers have been furnished by Dr. Ira W. Horwath, director of University of California extension work. The school board is to advertise for three portable houses, two to be erected at the Whittier school and the third at the Washington.

BAPTIST LADIES MEET

ALAMEDA, June 19.—The final meeting of the Baptist Ladies Aid Society was held at the residence of Mrs. M. Wilson, 1215 Park street, last night. Music, refreshments and a social hour generally helped pass a pleasant evening.

BENEFIT COFFEE PARTY

ALAMEDA, June 19.—A benefit coffee party was given by the ladies of Christ Lutheran church in Hamilton hall, this afternoon. Following the close of the afternoon session the society will adjourn for several months' vacation. The proceeds are to be devoted to church work and charity.

ALBANY TO BE GAY TO CELEBRATE 4TH

MRS. JOHN GLAVINOVICH.

ALBANY, June 19.—Plans for the fourth of July celebration in this city are in practically final shape and include games, dancing, exercises, a test of the fire companies, carnival and various other events. Contributions toward the celebration fund are increasing daily and a considerable portion of the expense promises to be defrayed by the souvenir programs which are to be issued.

Two teams of the volunteer fire department are practicing daily at running out the apparatus and putting hose to work. A silver loving cup has been offered as a prize to the team that wins the competition on July 4.

Several booths have been planned as a portion of the numerous concessions. El Cerrito club is to have a refreshment booth next the dancing platform. Miss Florence Bergeson will be in charge, assisted by a number of other young ladies. The Women's Improvement Club and the Mothers' Club will conduct another similar booth in charge of which will be a committee, including Mrs. Fred Brown, chairman, and Mrs. L. T. Dundas, Mrs. John Glavinovich, and Miss Jeanette Locke. The general committee will have charge of a county stall, which is expected to reap rich returns.

The booths and country stall will be located on Washington street between Evelyn and Talbot. One of the concessions will be a wheel of fortune in charge of the Albany Improvement Club. The Macabees, assisted by the ladies of the order, will conduct another booth, as will the Druids. The firemen will sell frankfurters, rolls and coffee at a booth of their own.

Because of the fact that the celebration will be also in note of the fact that the preliminary report of the naval engineering board favors Albany for a new naval station site, it is to continue over the 5th of July as well as Independence Day. There will be dancing both nights at a 50x75-foot platform that will be erected, and the carnival will close Saturday night with a parade of horrors and a grand ball.

BOY REFUSES TO INCRIMINATE FATHER

BERKELEY, June 19.—"I won't talk against my father," declared stoutly 12-year-old George Thomas when a representative of the district attorney's office in Judge Edgar's court this morning asked him as a witness in the charge of failure to provide against Manuel Thomas, West Berkeley longshoreman. There was sufficient other evidence, however, to convict George's father, before the superior court, and the lad was excused.

An illustrated lecture will be given in Lafayette hall by Alameda council of the Knights of Columbus, on Tuesday evening next. An invitation to attend was accepted by the institute council.

LIGHT COMPANY MAN WEDS

BERKELEY, June 19.—Walter E. Spho-field, cashier of the Berkeley Electric Lighting Company, returned from Stockton today with his bride, who was formerly Miss Rachelle Yvonne Giannelli, a belle of that city. They were wed there yesterday in the presence of relatives and close friends. Rev. Father Povars officiating. Edward A. O'Brien of San Francisco and Miss Edna Giannelli were the attendants. The bride and groom expect to make their home in Oakland, taking their honeymoon trip at a later date.

FUNERAL OF SUICIDE

BERKELEY, June 19.—The funeral of Charles Thomas Edgar, cousin of Judge Robert Edgar, who committed suicide three nights ago, was held this afternoon at 2225 Dana street. Edgar's body was found, lying on the floor of his residence at 2214 Telegraph avenue by his sister, Mrs. George Kittio. No reason is known for his suicide. He was 32 years of age, the son of Mrs. M. T. Silverstein.

RECOVERY OF SPECIMENS

Johan Koren, Who Was Wrecked on Siberian Coast, to Return North.

Expedition of 1911 Which Met With Disaster May Have Fruitful Outcome.

NOME, Alaska, June 18.—Johan Koren, the Norwegian naturalist, who was wrecked near Cape Serge on the Siberian coast last fall, and who reached Nome March 21, after many harrowing experiences, crossing the ice in Bering straits, left on the United States revenue cutter Bear yesterday for Siberia, Korea will return to the scene of the wreck and attempt to recover some of the rare specimens of Arctic flowers and birds he was

E. Thayer, a multi-millionaire of Lancaster, Mass., who was financing the expedition, and for the Harvard Museum. Koren left Seattle in 1911 on the gasoline schooner Kittiwake and went north along the Siberian coast to the mouth of the River Kolyma, up which he sailed 500 miles, farther than a white man had ever before penetrated. During the winter the gasoline supply gave out and the Kittiwake was allowed to drift down the river with the ice in the spring. At the mouth of the Kolyma, Koren set sail for Kolutchin, about 200 miles from the island of the same name.

TAKEN IN TOW. Here they met the American trading schooner Morris, Captain William Schroeder, and the schooner took the Kittiwake in tow, intending to spend the winter of 1912-13 on the island of Kolutchin. At Cape Serge the boats were run ashore to keep them from being crushed in the ice, but a great storm arose, driving the ice over the boats and crushing them into matchwood. Much of the supplies and specimens were taken ashore before the boats were wrecked. After spending some time on the main land, Koren, Sam Gettschalk and two others set out in a whaleboat for Big Diomed Island, but were forced to return after a thrilling experience during which Koren's feet and hands were frozen.

OFFICERS ELECTED BY LIVE BOOSTER CLUB

RICHMOND, June 18.—Counsellman E. J. Garand, one of the most prominent members of the municipal legislative body and a prominent resident of the west side of the city, was last evening elected president of the Richmond Commercial club, one of the city's most prominent booster organizations. The other officers elected were David E. Garand, vice-president; W. W. Jackson, secretary; and John G. Black, treasurer. The meeting of the organization was largely attended and a number of big improvement projects were discussed and assigned to committees for plans as to the best method of carrying them to a successful completion. The club endorsed the action of the city in demanding from the Santa Fe the necessary rights of way over its holdings for the municipal tunnel and highway to the outer harbor and took steps to aid the city in every way possible to settle this matter at an early date.

MOOSE LODGE WILL HOLD ANNUAL OUTING

RICHMOND, June 18.—The annual outing and picnic of Richmond Lodge No. 550, of the Loyal Order of Moose, will hold its annual picnic in Grand Canyon Park, East Richmond, on next Sunday when it is expected that several thousand people will be entertained throughout the day by the local sports and entertainers. In charge of the arrangements for the big event have completed plans to make it the most elaborate ever given by the order. In the morning there will be literary and musical contests, and in the afternoon will be taken up with baseball game and athletic contests and games. Dancing will also be a feature of the afternoon and will continue during the evening in the big open air dancing pavilion of the park. In addition to a large crowd from this city, many expect many visitors from Oakland, Berkeley and San Francisco.

NEW OFFICERS ELECTED BY RICHMOND NATIVES

RICHMOND, June 18.—Richmond Parlor No. 217 of the Native Sons of the Golden West at its meeting in Sequoia hall last evening elected officers to serve during the ensuing year and completed arrangements for the local sports and entertainers in the big class initiation which will be held by the parlors of the county in Crockett during the middle of August. The installation of the officers elected last evening will be held during the latter part of July. The new officers will be president, A. J. Summers; first vice president, R. S. Pearce; second vice president, B. Erwin; third vice president, A. Rice; inside sentinel, R. W. Phrower; outside sentinel, J. W. Clark; marshal, L. A. Allen; financial secretary, F. F. L. Allen; recording secretary, W. J. Lane; treasurer, Chris. Escobar; trustees, Fred Weber and E. H. Brown, and Surgeon Dr. Hall Vestal.

RICHMOND ORGANIZATIONS WILL BE CONSOLIDATED

RICHMOND, June 18.—This evening the members of the Sequoia club will vote on a plan of consolidation with the Richmond board of trade and naming the consolidated organization the Sequoia Commercial Club of Richmond. Several months ago a committee from both organizations was appointed to look into the matter and report back to their respective organizations. The committee of the board of trade has already reported to that body in favor of the consolidation and the plan has been approved by its members. It is stated that the members of the Sequoia club are all in favor of the plan and that at the meeting this evening the plan will be endorsed. A new set of by-laws will be adopted and not only will the social features of the two organizations be consolidated, but the work which has been carried on heretofore by the Board of Trade.

POLICE APPOINTMENTS PLANNED. SAN FRANCISCO, June 18.—Sergeant Thomas Atchison, in charge of the record bureau of the police department, will be advanced to a lieutenant next Monday at the meeting of the Police Commission. Atchison succeeds to the position made vacant through the death of Lieutenant William Mullender. Two sergeants and two corporals are to be

PLEDGE NEW HOME

One hundred members of the Oakland Lodge No. 252, I. O. E. B. were present at a "Get-together" banquet held at Barnum's restaurant Tuesday night. The speakers were Milton Swartz, toastmaster; Dr. M. Friedlander, B. Silverstein, A. Jonas, A. Simonds, Judge George Samuels. The subject of the evening was the need of a new home for the lodge. The members became so enthused that the sum of \$2000 was pledged outright and the further sum of \$3000 when the lot for the new home has been purchased. The building committee will begin immediately to look for a new location. By the beginning of next year the lodge will be located in their new headquarters.

LATE NEWS FROM RICHMOND

PEON DEPORTED BACK TO MEXICO

Patient Was Employed As Laborer on Santa Fe Railroad.

RICHMOND, June 18.—Taken sick after he had labored one day here for the Santa Fe company as a section hand and since that time a burden on the taxpayers of the county for three months while he was being treated for tuberculosis at the county hospital at Martinez, Navor Montone, a Mexican peon, was yesterday taken in charge by the federal immigration officials and is now en route to his native land. Montone was brought here by the railroad company as a laborer and how he ever passed a physical test, which foreigners are presumed to undergo on entering this country, is a question that has been puzzling the county authorities ever since he has been at the county hospital.

As soon as the man was taken to the county hospital Superintendent Hough of that institution asked the federal authorities to have the man deported or taken off the hands of the county, but it was not until yesterday that his efforts met with success. Several cases of unhealthy Mexican peons being smuggled into this county and brought here to work for the railroad company have come to light during the past three months and local authorities are endeavoring to have some action taken by the federal immigration service which will prevent a repetition of the trouble in the future.

PRETTY WEDDING IS HELD IN RICHMOND

RICHMOND, June 18.—One of the prettiest and most largely attended weddings of the present season, was that which took place last evening in the First Presbyterian church when Miss Rosa Weiss became the bride of Arthur Parker. The principals are members of two of Richmond's pioneer and most prominent families and have a host of friends in the city. The wedding ceremony was performed by Rev. G. A. White, pastor of the church, while Miss Laura Parker, sister of the groom, acted as maid of honor and Edw. Leist supported the groom. The bride party entered the church to the strains of Mendelssohn's wedding march played by Mrs. S. M. Smith. The church hall and auditorium of the church was a perfect bower of flowers, the ceremony being performed directly beneath a large wedding bell of roses.

The bride was attired in a charming gown of white tulle and lace, and the bride carried a bridal bouquet of white roses and lilies of the valley. Following the wedding service, the bride party and other friends hastened to the Wicks home at the corner of Sixth and Ohio streets where a wedding dinner was served after which the newly-weds left for Los Angeles where a honeymoon of two weeks will be spent after which they will make their home in Tuolumne where Parker is employed by the Santa Fe.

RICHMOND NOTES

RICHMOND, June 18.—One of the most pleasant dancing parties of the summer season will be that which will be held in East Shore park Saturday evening by Point Richmond Artistic of Eagles. Richmond Temple of the Pythian Sisters will be the hostess of the evening. The party will be held at a large outdoor whist party held in Back hall, which proved of a very enjoyable nature. Daniel Mulcahy was yesterday wed to Miss Mary Nease in Oakland. Both are residents of this city. The wedding was of a quiet nature and was attended by only a few intimate friends. The newly-elected officers of Twilight Lodge, No. 118, are: Edgar Lodge, No. 46 of Old Fellows will be visited by District Deputy G. and Master Robert Kravine on the evening of July 12 in Fraternal hall. Twenty-five candidates were admitted into the membership of Point Richmond Artistic of Eagles.

NEW QUARTERS

The City's Municipal Lodging House Appeals to Two Old Offenders.

The new municipal hotel and lodging house to be installed on the thirteenth, fourteenth and fifteenth floors of the new city hall has not yet been placed in commission, but two old lodgers who have spent many months on the installment plan of from a night to 14 days in the old city jail, have decided to be the first lodgers to break in. These are Moses Auerbach, who has been arrested 73 times and Mary Anderson who has been arrested 600.

Moses concluded that moving day was due last Sunday, and broke into jail on the morning of the 18th. He had been engaged in carrying desks and chairs and in clearing up and assisting making his new quarters comfortable. But the prisoners will not be moved from the basement of the old hall to the attic of the new hall.

Mary Anderson, who was arrested yesterday morning for the 599th time, but was released by Judge George Samuels. She had not been out long when she accumulated another passport to prison, and was rearrested. Mary proved to be the first prisoner booked in the new city hall. About the time she was arrested the police docket was moved from the little central station building in front of the old city hall to the new city hall and Mary was booked on the docket as the first guest. But she was taken back to the old jail. This morning Judge Mortimer Smith took cognizance of Mary's desire to occupy a cell in the top floor of the new city hall, and sentenced her to three days' imprisonment, which will carry her to Sunday, the proposed jail moving day.

COUNTY W. C. T. U. BEGINS SESSIONS

Contra Costa's Temperance Workers Gather in Richmond.

RICHMOND, June 18.—With more than 200 delegates in attendance from all parts of Contra Costa, counties the annual convention of the County W. C. T. U. opened this morning in the auditorium of the Wesley Methodist church at the corner of Ninth street and Nevin avenue and will continue throughout the day, this evening, tomorrow and tomorrow evening. The convention was called to order at 10 o'clock by Dr. J. J. Jordan, vice-president, and the morning session was devoted to the routine work of sending delegates, receiving credentials and reports. The seating of delegates from Pinole and Bay Point was attended with speeches of congratulations as these two towns have been organized by the temperance workers only during the past six months and the present convention is the first in which their delegates have been present.

ADDITIONAL SPORT

AMATEUR BASEBALL

The "All Stars" have won their sixth straight game of indoor baseball at the Oakland High school from the "Invincibles" and have also ended the series with a 1000 percentage. The "All Stars" played first class ball all along and this was the chief cause of the defeat of Elwyn Chambers, the captain of the "Invincibles."

The Columbia Theater ball tossers hung the Indian sign on the Orpheum team to the tune of 12 to 4 Bushrod park last Tuesday. The boys from the Tenth-street ice show are fast rounding into form and better team work is the result. Considerable rivalry has existed between the two theatrical teams during the past month. The victory Tuesday goes a long way in inclining the pennant for the Columbians.

Whittington, the star twirler for the Dillon & King team, occupied the mound and was accorded excellent support by his pitchers. The game was a close one until the final inning, when the Columbians scored three runs in the bottom of the ninth to win the game.

Oakland and San Francisco druggists will play a game of baseball Sunday afternoon at 2 o'clock, June 23, on the Grove street grounds. The San Francisco team won the pennant last year, but the Oakland druggists intend to try the pennant this year.

The Oakland team has been strengthened by the addition of three new players and have been practicing faithfully for several weeks and will be hard to beat. Robin, one of the new players, is considered one of the cleverest second basemen playing amateur ball in this vicinity. He has a batting average of .375.

Kurtzman, formerly with the Philadelphia College team, was the star of the game when Philadelphia won the final game of the series and the pennant. Kurtzman made the play that won the game and in recognition of this his teammates gave him a handsome souvenir.

THE SPORTLIGHT FLASHED ON EVERY FIELD

The "Bulldog Blue" was trailed in the dust in the fourth inning of the Yale-Harvard game at Cambridge (Mass.) yesterday afternoon. Harvard leading 3-0, a matter of minutes away from the final score. This makes necessary a third game.

Marshall Evans of Oakland and Reuben Hunt beat Al Bull and I. Strauss yesterday at Del Monte in the second round of the men's open doubles.

In the third round of the Pacific States men's singles championship William Johnston, Elie Strachan, John Strachan and Clarence Griffin came through to the semi-final round in the order named.

Johnston and Pettrell meet in the upper half today. On their way to the semi-finals, both Johnston and Pettrell have gone through one particularly trying contest. Strachan and Griffin have reached the last four with little effort.

Three games of water soccer were played in the Olympic Club tank last night. In the association's championship series the Beach Combers defeated the California Life-Saving Club, 4 to 0, and the Olympic Club won from the Barbarians, 9 to 0. In a practice game the South Ends defeated the U. S. Volunteer Life Savers, 6 to 3.

Five hundred people are expected to join the Olympic Club excursion Saturday and Sunday to Cook's ranch in Contra Costa county.

Oscar McCracken and his brother Ernest at one time had an offer to play professional ball, but at the last moment decided to remain in the drug business. Warren is an exceedingly rapid shortstop and has been playing with fast aggregations for several years.

DuBois, star of last year's California College of Pharmacy team, and one of the best batters on the Oakland team, is expected to emulate the great "Ness" on first base.

Moore, also of the California College team, is an extremely speedy man on bases and will be figured prominently in the run column.

Craker has played amateur ball since school days and enjoys the game. He is looked upon to give an excellent account of himself.

Cone has been playing back stop for a winning team this year. He has a great wing and very few bases will be stolen on him.

Oscar Busling formerly a professional player, was with the Oakland team last year.

Dr. H. D. Bell will umpire balls and strikes. Dr. Bell was a very popular local player before he practiced medicine and can be counted on to show skill in his diagnosis.

The game is the first of the series of the Medicine League and is to be quite an attraction for the doctors and druggists, many of whom will attend the game with their families.

The Stockton drug team has issued a challenge to the winner.

Lidley, pitcher; Pope, catcher; Janney, 1st base; Durbin, 2nd base; Campbell, short stop; Skinner, 3rd base; Shields, left field; Parker, right field; Hall, center field; Whitcomb and Horber, extra.

The Oakland Y. M. C. A. baseball team will cross bats with the Philadelphis team in a game of baseball on next Saturday afternoon at Freeman's park. Both teams will present a strong line-up.

MUGGLING CASE TO GO TO JURY

Night Inspector Tells of Finding Opioid in the Grips.

SAN FRANCISCO, June 18.—Late this afternoon the case of Theodore K. Roman, formerly examiner of merchandise in the appraiser's department of the customs house, and Osmond Eversen, a customs laborer, who are charged with smuggling a large quantity of opium from the steamer Manchuria May 31, 1912, will be in the hands of the jury.

This morning Night Inspector Francis Boland, who arrested the pair, testified on re-direct examination telling how he had caught them coming down the gangplank and refused to allow them to take certain pineapples ashore. The men had carried two grips and Boland says he searched them and found the opium.

The next witness today was Captain Stone of the customs service, who told of Boland's testimony the previous day.

Commissioner Farrington of Nevada, and the defendants are represented by Attorney Bert Schlesinger.

SEVEN MEN INDICTED FOR GIRL'S DOWNFALL

CHICO, June 18.—Seven men accused of contributing to the downfall of the teen-ager Gertrude Gennett at the beach here today were indicted by the county grand jury.

They are: W. J. Parrish, owner of the beach; Carl Van Nov, W. H. Peoples, Samuel Hennigan, Charles Hayer, Fritz Rutz and George Tagawa. These and the others have been indicted by the grand jury.

Van Nov and Rutz have confessed to the authorities and it is said the story will be told at least three other prominent men.

Parrish is alleged to have pled the Gennett girl with liquor and then procured a divorce for her.

He declares he is being made a victim of blackmail and that a party of young men, to prevent their arrest, have concocted the conspiracy against him and will try to land him in jail. He is now out on \$5000 bail. The trials will start in September.

Those who have confessed will plead guilty and their testimony will be used against the others.

MISS AGNES MATHEWS.

The Lesadels Dramatic Club of East Oakland presented "A Strident Life" to a large audience in St. Anthony's church last night.

The play is one of Richard Walton Tully's first efforts, written while he was a student at California. The college atmosphere in such a farce was ever present, the amateurs seizing every opportunity to help along the fun by lines and situations not in the original manuscript. The work of the cast was brilliant, many of the small parts being brought up to larger dimensions by the originality displayed in their various interpretations.

Tom Harrington, football captain, is the original Mr. Trouble. Gently disconcerted follows him closely through three acts of funny complications until our hero becomes a fabricator, a forger and almost a convict. Reginald Black, his chum—aids and abets Harrington in his troubles, which include the unexpected advent of Papa Harrington at college to see how his scholarly son is getting along; a promised expulsion from the university, the arrival of "the" girl and too many more to mention. Edward Budd seemed to appreciate the positions in which the hero was placed and acted the part of the lead to perfection. James Dolan, Ethel Healy and Raphael Polk were especially good in their parts; in fact the whole cast measured up to all expectations.

Louis J. Walder's Japanese schoolboy was one of the hits of the evening. It was the smallest part in the farce, but clever work on the part of Walder saved it from mediocrity.

CAST OF CHARACTERS.

Tom Harrington, football captain, is the original Mr. Trouble. Gently disconcerted follows him closely through three acts of funny complications until our hero becomes a fabricator, a forger and almost a convict. Reginald Black, his chum—aids and abets Harrington in his troubles, which include the unexpected advent of Papa Harrington at college to see how his scholarly son is getting along; a promised expulsion from the university, the arrival of "the" girl and too many more to mention. Edward Budd seemed to appreciate the positions in which the hero was placed and acted the part of the lead to perfection. James Dolan, Ethel Healy and Raphael Polk were especially good in their parts; in fact the whole cast measured up to all expectations.

Louis J. Walder's Japanese schoolboy was one of the hits of the evening. It was the smallest part in the farce, but clever work on the part of Walder saved it from mediocrity.

Act I—Mrs. Wiggins' select boarding house.

Act II—The same, afternoon.

Act III—The same, evening.

The action of the play takes place in the telephone booth of Berkeley. The play will be repeated next Friday evening.

PASTORS' UNION
OUSTS DR. KELLY

San Jose Pastor Deposed as Head of Organization; Scandal Cause.

SAN JOSE, June 15.—On account of the "humiliation and suspicion" to which the ministers of San Jose and vicinity believe they have been subjected because of the fact that the Rev. Claude Kelly, pastor of the First Baptist church of this city, was president of their organization, the Pastors' union of San Jose, after a stormy session behind closed doors, deposed him and declared the office vacant.

Dr. Kelly, in spite of repeated vindication on charges of misconduct by his advisory board, has been deposed at different times by prominent local ministers and members of the organization to resign from the presidency, but had refused, according to a statement made by the pastors yesterday.

He was notified of the contemplated action of the ministers, but failed to put in an appearance.

THE BRILLIANT STARS OF JUNE.

By the end of June, Mars, Venus, Saturn and Jupiter will all be morning stars, but Foley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is as apt to develop into bronchitis or pneumonia as at any other time, but it is Foley's Honey and Tar Compound is taken. It will surely heal the cold, and heal the inflamed membranes. The genuine is in a yellow package. Wholesale Drug Store, 1901 Washington street.

ARTIST'S EYES FAIL; DREAM OF PICTURE UNREALIZED; SUICIDE

CHICAGO, June 19.—Despondent because his eyes failed him just when he conceived after years of dreaming the picture he hoped would make him famous, Carl Mauch, an artist, took poison and died from its effects yesterday. He was 62 years old and rapidly was losing his sight.

Recently Mauch told a fellow member of the Palette and Chisel Club that the inspiration of his life had come to him and bemoaned the fact that his eyes were failing him and that he never again would touch a brush to canvas.

Mauch was born in Wurtemberg, Germany, and his club fellows tell a story of how, when a boy, he whipped the future lines of that province. According to them it was the rule at the school which Mauch attended that the prince should always be the winner of any game. When he saw his friends contriving that the prince should be the victor he flew into a rage and attacked his young majesty.

ORPHEUM
"The Fascinating Petrova" is the way people are speaking of the slender, beautiful and exceptionally talented young

MACDONOUGH
Beginning Monday, and running for four days, "Bella Donna," the dramatic version of Robert Hichens' wonderful

this week. Nothing like her has ever been seen at the Orpheum and that she has made a lasting impression is undoubted for she can hold her audience breathless to the last, while giving them something so different and unusual that it hardly seems real vaudeville.

Oiga Petrova is a vivacious woman, with a talent that shows startling contrasts that she is uncanny. She does everything with her voice, singing a deep contralto, mezzo-soprano, and a soprano.

She has an electric personality, a smile that radiates, and a keen sense of humor, and she can give a satirical performance that surpasses anyone within our knowledge. She is likewise a clever actress. Petrova is wonderful now, and the Orpheum will look forward to her contemplated visit next season.

The current fad in the drama is crime, and a dozen of the play successes of the year deal in thefts, forgery and other high crimes. The Orpheum offers one of these crime ideas in the playlet "Detective Case," which is cleverly conceived and still more cleverly played by a company in which Arthur Hoops and Ruby Hoffman carry off the honors.

Chief Copsulcan, the Aracano Indian singer is the talk of the town and one of the biggest hits registered at the Orpheum. He can sing, and his talk about his people is very interesting. Harry DeCoe does some wonderful balancing stunts with chairs and tables and when it is said that he closes the show and keeps the audience in the seats, his success is manifested.

Other acts that are scoring on this fine bill are Kram and Morton, the Two Black Dots, Irene Bereseny, the Hungarian Gypsy Queen; Bogart and Nelson, in "The Busiest Day of His Life," and the Five Hursleys, acrobatic speed boys and girls, with the Edison Talking Moving Pictures.

YE LIBERTY.
The crowds attending Ye Liberty playhouse this week are witnessing something new and novel in the way of producing plays. For the first time in the history of drama, two different and complete plays are being presented between the hours of eight and eleven o'clock in the evening.

The first performance is that of "All the Comforts of Home" with Broderick O'Farrell playing the lead. It is supported by Miss Maribel Seymour, Charles Yule, Miss Jane Urban, Miss Laura Adams, Miss Maria Golden, Miss Lois Bolton, George P. Webster, Jack Pollard, Walter Whipple, Miss Pauline Hillenbrand, and James Lloyd.

Franklyn Underwood and Miss Frances Slosson are seen in the second performance, which is that of "Seven Sisters." Underwood and Miss Slosson are supported by Miss Mina Gleason, Miss Bertia Creighton, Miss Eleanor Blevins, Miss Jean Devereaux, Henry Shumer, Claude Archer, Ernest M. Brown, George Egan, Eugene Guichard, Max Waisman, Paul Hillenbrand and Henry Auerbach.

PANTAGES

Bothwell Browne is attracting a host of old time friends and admirers of his art at the Pantages this week. As the wonderful Cleopatra in "The Serpent of the Nile" Browne fulfills their every expectation and incidentally displays a rare showmanship in surrounding himself with a large supporting company of attractive young women and a scenic production that is elaborate and complete in detail. For the little folk there is "Mother Goose," with all the characters so dear to childhood. They include "Prince Charming," "Little Miss Muffet," "Little Red Riding Hood," the "Fairies Queen," "Old Woman Who Lived in a Shoe," "Jack the Giant Killer," etc. The seven shows "The Enchanted Forest," "The Roof Tops," and "Story Book Land."

Other acts that interest are McPhee and Hill, comedy bar performers; Kitty Klein, the 17-year-old Australian Nightingale; Emil Hoch and Company in "Love's Young Dream"; Browne and Lewis and Miss Browning in "Nearly a Recruit"; Ruth Chandler, eccentric comedienne; and Barney Oldfield's Race for a Life.

Mr. Wright of Free Avenue, Blueville, is Wright alright but he is in wrong in Dillon & King's latest laughing vehicle entitled, "The Wrong Mr. Wright." Delighting the followers of musical comedy at the Columbia this week.

An amusing episode is Dillon & King's most recent effort. The piece contains series of laughable situations that are interrupted only by lively musical specialties throughout the action of the skit. The costumes worn by the Ginger Girls are a revelation in sartorial art while the scenic and of the production represents the best efforts of the Columbia's mechanical department.

The musical numbers consist of several song hits sung by the talented singers of the company. Commencing next Sunday Dillon & King will present their latest laugh show entitled "Sweet Feds." This new piece will serve to introduce Miss Blanche Trelease, the Columbia's new soubrette. She will make her bow to Columbia audiences in the role of Ray.

TRIVIAL QUARREL ENDS IN SERIOUS BLOODSHED

SAN FRANCISCO, June 19.—The lodging house for the unemployed at 333 Turk street, was the scene of a quarrel this morning which developed into a fight with knives, resulting in the cutting of Oliver Dennis, a barber of 29 Ninth avenue. Dennis was sewing buttons on a shirt when he claims another lodger pushed against him. The two quarreled and he admits having picked up a broom and plying it about the head of his antagonist. Then the latter drew a razor and in the fight which followed Dennis received several severe lacerations. He was treated at the Central Emergency Hospital.

VAUDEVILLE SINGER GIVEN A DIVORCE

SAN FRANCISCO, June 19.—Mrs. Carrie Noble, a musician, who lives at 375 Fifth avenue, and who is a singer in a local vaudeville circuit, was granted a divorce decree by Judge Graham today from Fred Noble. She said that her husband had been unfaithful to her and that she only recently heard that he was in Connecticut.

SAYS BIG ENDOWMENTS SPOIL STUDENTS WORK

ST. LOUIS, June 19.—Money often has a corroding influence on the schools to which it is contributed. Archbishop J. J. Glenn said yesterday. His experience has shown, he added, that the larger endowment the poorer the schools.

denation of richly endowed schools was delivered at the commencement exercises of the Catholic free high school.

TO TRAIN COLLEGE MEN IN POLITICS

Truxton Beale Prime Mover of Plan for Unique Institution.

WASHINGTON, June 19.—An educational institution for the training of college and university men in politics and international affairs is to be established here in the immediate future, it was announced today. Truxton Beale, former United States minister to Persia, and until recently chairman of the board of regents of the University of California, is one of the principal movers in the new project. The plan contemplates the erection of suitable buildings and a site at 128 to 32.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of all who are interested in the health of their families to the fact that the signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness.

ATTORNEY TO FACE FORGERY CHARGE

Frank L. Dreischmeyer Is Accused of Presenting Bad Note to Lodge.

SAN JOSE, June 19.—A warrant charging Attorney Frank L. Dreischmeyer with the forgery of a note for \$2500 was issued late yesterday by Magistrate Wallace. It has not been served on Dreischmeyer, who is in the court hall pending the filing of an information in the Superior court charging him with the forgery of a \$2500 note from Carl E. Schmidt, a client.

The new warrant was issued at the request of F. DeGross and A. Lorenz.

OAKLAND THEATER

"The Weaker Mind," a strong two-reel Lubin drama of the reels, is the special of the Friday-Saturday program at the Oakland Photo Theater. This is another of the powerful masterpieces written by and produced under the direction of that wonderful producer-actor, Romaine Fielding, who also takes the leading part in a story involving two railroad engineers. One is addicted to drink. The other attempts to save him from ruin, and eventually is successful. Both are "the weaker mind," fascinated by the wiles of Reina Loeb, a drunkard's daughter, sinks deeper and deeper into the mire of dissipation. The influence of his friend is enough to bring him back to a life of right living, and, like all

the "weaker mind," is an exception to the rule of a circus wild man.
